

## CAREER PATHFINDERS

### BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN

# PHYSICS

## Overview

Learn about the beauty of the natural world while preparing for a career – in anything! There are no limits to what you can do with the skills and critical thinking developed through a physics degree. Our graduates find employment in education, engineering, computing, research, finance, business, and the health sciences to name a few. Physics is also an excellent degree for those wishing to enter professional programs such as dentistry, law, pharmacy and medicine.

*“I like everything about the physics department. The professors are incredibly talented, friendly, and helpful with advice for those trying to figure out what to do after graduation. As well, undergraduate students have many opportunities to do research.”*

- Allison Kolly, BSc (Honours), who has completed an MSc in Atmospheric & Oceanic Sciences from McGill University
