

Pool Maintenance Technician

Accepting resumes for the May 2024 pool season

Starting rate \$15.30/hr - \$18.00/hr based on experience

Whether you're a university student seeking a summer seasonal job or simply looking for a flexible and rewarding summer employment opportunity, your search ends here! Our company is in search of Seasonal Pool Cleaners who wish to maximize their summer break while relishing the benefits of working outdoors.

Job Benefits:

1. **Perfect Timing:** Our seasonal pool cleaning job aligns seamlessly with university class schedules, allowing you to work during the summer months when you have the most free time.
2. **Financial Flexibility:** Earn a competitive income that can help cover your tuition expenses and living costs, making your academic journey smoother.
3. **Outdoor Experience:** Revel in the beauty of the great outdoors as you work under the sun and in the fresh air throughout the summer season.
4. **Skill Development:** Gain valuable skills in pool maintenance, water chemistry, and equipment operation, which can be useful for future career opportunities.
5. **Independence:** Work independently or in small teams, allowing for autonomy and self-reliance in completing tasks.

Responsibilities:

- Skim and clean pool surfaces to remove debris.
- Maintain proper pool water chemistry by conducting tests and making necessary adjustments.
- Vacuum and brush pool walls and floors to ensure cleanliness.
- Inspect and maintain pool equipment.
- Record and report maintenance activities and chemical usage.
