MANAGEMENT REPORT

The accompanying consolidated financial statements are the responsibility of management and have been prepared in accordance with Canadian public sector accounting standards (PSAS) for government not-for-profit organizations (GNFPOs), including the 4200 series of standards, as issued by the Public Sector Accounting Board.

The University's Board of Regents is responsible for overseeing the business affairs of the University including approving the consolidated financial statements. The Board has delegated the responsibility for reviewing these annual consolidated financial statements and meeting with management and the external auditor on matters relating to the financial reporting to its Audit and Risk Committee. The external auditor has full access to the Audit and Risk Committee with or without the presence of management. The Board of Regents has reviewed and approved these annual consolidated financial statements.

In management's opinion, these annual consolidated financial statements have been properly prepared within reasonable limits of materiality, incorporating management's best judgement regarding all necessary estimates and all other data. Management maintains internal controls to provide reasonable assurance of the reliability and accuracy of the financial information and to ensure the assets of the University are properly safeguarded. The integrity of internal controls is reviewed on an on-going basis by the University's Audit Services.

The external auditor, KPMG LLP, is responsible for auditing these annual consolidated financial statements and for issuing a report thereon. The Auditor's Report outlines the scope of his examination and provides his opinion on the fairness of presentation.

INDEPENDENT AUDITORS' REPORT

To the Board of Regents of the University of Winnipeg

We have audited the accompanying consolidated financial statements of the University of Winnipeg, which comprise the consolidated statement of financial position as at March 31, 2015, the consolidated statements of operations, changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the University of Winnipeg as at March 31, 2015, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Other Matter

The consolidated financial statements of the University of Winnipeg as at and for the year ended March 31, 2014 were audited by another auditor who expressed an unmodified opinion on those consolidated financial statements on June 23, 2014.

Excluded from Investing and Financing Activities are equipment acquired under Capital Leases and the related obligations under Capital Leases totalling \$170 (2014 - \$305).

A Statement of Remeasurement Gains and Losses has been excluded as there have been no remeasurement gains or losses.

The accompanying notes are an integral part of these consolidated financial statements.

1. Authority and Purpose

The University of Winnipeg (the University) operates under the authority of the University of Winnipeg Act of the Province of Manitoba. The primary role of the University is to provide post-secondary education, research and services. The University also operates the Collegiate, an independent high school and a number of other education related activities. The University is a not-for-profit organization and, as such, is exempt from income taxes under the Income Tax Act (Canada).

2. Summary of Significant Accounting Policies

A) Basis of Accounting and Principles of Consolidation

The consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards (PSAS) for government not-for-profit organizations (GNFPOs), including the 4200 series of standards, as issued by the Public Sector Accounting Board. The consolidated financial statements of the University include the University's investment in the 460 Portage Avenue Joint Venture, (Note 21) a government partnership, which is accounted for using the proportional consolidated method. The University of Winnipeg Foundation (the Foundation) and the University of Winnipeg Community Renewal Corporation (UWCRC), both controlled entities, are not consolidated in these financial statements, but details of their consolidated financial results are included in the notes to the consolidated financial statements (Notes 18 and 19 respectively).

B) Revenue Recognition

The University follows the deferral method of accounting for contributions such that the restricted contributions related to expenses of future periods are deferred and recognized as revenue in the period in which the related expenses are incurred. Restricted contributions have external stipulations imposed that specify how resources must be used.

Operating grants are recognized as revenue in the period received or receivable. Tuition fees and sales of goods and services are recognized as revenue in the period in which the services are rendered or goods are received.

Externally restricted non-capital and non-endowment contributions are recognized as revenue in the period in which the related expenses are incurred. Externally restricted endowment contributions are recorded as direct increases in net assets in the period in which they are received.

Externally restricted contributions for the acquisitions of capital assets having limited lives are recorded as deferred capital contributions in the period in which they are received and amortized into revenue at a rate corresponding with the amortization rate for the related capital asset.

Promissory notes payable to the Manitoba Provincial Government, for the construction or purchase of capital assets, which will be repaid from future funding provided by the Manitoba Provincial Government through Education and Advanced Learning (EAL) are, in substance, capital grants. These capital grants are reflected as deferred capital contributions in the statement of financial position, if the asset acquired has a limited useful life. The interest expense and the related funding from EAL over the terms of the promissory notes are both excluded from the statement of operations and changes in fund balances.

C) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, balances with banks and highly liquid temporary money market instruments convertible to cash within three months or less.

D) Long Term Receivables

Long term receivables are carried at amortized cost using the effective interest rate method. Long term receivables are due from a related joint venture with a non-related partner and are secured by the 460 Portage Avenue property.

E) Tangible Capital Assets

Purchased capital assets and collections of the University are recorded at cost. Donated assets are recorded at estimated fair market value on the date received. Collections which include art work and rare books are recorded at fair value derived by independent appraisal at the time of acquisition or donation. Land, collections of rare books and works of art are not amortized.

Capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Building, additions and improvements	60 years
Leasehold improvements	Term of lease
Library acquisitions	10 years
Furnishings and equipment	10 years
Major system computer software	10 years
Computer equipment	5 years
Vehicles	5 years
Equipment under capital lease	Term of lease

F) Accrued Vacation Pay

The University recognizes vacation pay as an expense on the accrual basis.

G) Other Employee Benefits

The University provides health benefits and pension plan contributions to eligible employees in receipt of long term disability benefits. The costs are actuarially determined using management's best estimate of health care costs, disability recovery rates and discount rates. Adjustments to these costs arising from changes in estimates and experience gains and losses are recorded in the financial statements in the year they occur.

University employees appointed to a position expected to last one year or more are entitled to 180 days of sick leave that is non-vesting, non-accumulating and event driven. The benefit expense and liabilities are recorded when the triggering event occurs.

H) Financial Instruments

All currently held financial instruments are reported at cost or amortized cost. The effective interest rate method is used to recognize interest income or expense. Transaction expenses related to all financial instruments are expensed as incurred.

I) Trusteed Pension Plan

The University contributes to the University of Winnipeg Trusteed Pension Plan for University employees. The Plan has both defined benefit and defined contribution components. The pension expense for the defined benefit component of the pension plan is determined actuarially using the projected unit credit actuarial cost method which incorporates management's best estimates of investment performance, salary escalation, retirement ages of employees and members mortality. Consistent with PS 3250 the University has amortized actuarial gains and losses over the estimated average remaining service life (EARSL) of active members of the defined benefit plan. The amortization amount for a year is determined by dividing the unamortized balance at the end of the previous year by the EARSL.

The pension expense for the defined contribution component of the pension plan equals the contributions made during the year.

J) Loan Guarantees

The University guarantees a condition of a loan on the land and building situated at 491 Portage Avenue (the Property) as part of its relationship with UWCRC. The University takes responsibility for ensuring that the debt service coverage ratio on the Property does not go below 1.0:1.0. In the event the Property falls below that ratio, the University would be required to lease space in the Property at normal commercial rents, or ensure that another tenant is obtained to bring the ratio back to 1.0:1.0 or higher. The unrelated owners in the Property have indemnified the University for a share of the guarantee on the basis of their ownership (75%) in the Property.

K) Use of Judgments

The preparation of the University's financial statements in conformity with PSAS for GNFPOs requires management to make judgments, apart from those involving estimations, in applying accounting policies that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, as well as reported amounts of revenue and expenses during the reporting period. Items requiring the use of judgments include the selection of cut-off dates used to determine when to end the processing of transactions received after March 31, the decision to record reconciling and correcting items or not (application of materiality) and the assessment of outstanding legal issues and the need to disclose a resulting contingent liability.

L) Use of Estimates

The preparation of the University's financial statements in conformity with PSAS for GNFPOs requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Items requiring the use of significant estimates include the useful life of capital assets, allowance for doubtful accounts, and the actuarial estimation of compensated absences liabilities and pension obligation. Actual results could differ from these estimates.

3. Cash and Cash Equivalents

	2015	2014
Operating Funds	\$ 7,015	\$ 8,451

	<u>285,758</u>	<u>\$ 84,191</u>	<u>276,531</u>	<u>\$ 77,946</u>
Less: Accumulated Amortization	<u>(84,191)</u>		<u>(77,946)</u>	
Net Book Value	<u>\$ 201,567</u>		<u>\$ 198,585</u>	

Furnishings and Equipment include Vehicles and Computer Equipment.

7. Bank Indebtedness

The University has an operating line of credit with a bank authorized in the amount of \$1,500. The line of credit is unsecured and bears interest at prime. It was not utilized at March 31, 2015 or March 31, 2014.

8. Obligations for Compensated Absences

The University provides health benefits and pension plan contributions to employees receiving long term disability (LTD) benefits.

Health benefit premiums are paid by the University until the earlier of recovery and return to work, death, or attainment of the normal pension commencement date. For health benefits the liability for each current recipient is the actuarial present value of future premiums for each employee based on the current monthly premium, future assumed inflation for health benefits premiums, the interest discount rate and assumed probabilities of recovery prior to normal pension commencement date. The following assumptions were made in determining the actuarial present value of future premiums:

- A discount rate of 5.9% (2014 - 6.00%)
- Health benefit premium inflation of 5% per year.
- LTD recovery rates from the 1987 Commissioner's Group Disability Table
- Canada Pension Plan earnings base increase at 3% per year

The University pays the required pension contribution on behalf of employees receiving LTD benefits, into the University of Winnipeg Trusteed Pension Plan in accordance with the provisions of the pension plan (see note 16). Contributions are calculated based on the salary rate at the time of disability and the current yearly maximum pensionable earnings (YMPE). The liability for each member is the actuarial present value of future contributions based on the salary at disability, the projected future YMPE and yearly maximum contributory earnings (YMCE), the applicable contribution formula, the interest discount rate and assumed probabilities of recovery prior to normal pension commencement date.

9. Deferred Contributions

Deferred contributions represent unspent externally restricted funding received for special purposes such as Sponsored Research and Designated Funds and Special Purpose Trust consisting primarily of scholarships and bursaries, library acquisitions and lecture funds.

	2015	2014
Balance, Beginning of Year	\$ 9,392	\$ 10,106
Contributions Received	13,181	13,601
Contributions Expensed	(10,563)	(13,237)
Transferred to Foundation (Note 20)	(1,031)	(1,078)
Balance, End of Year	<u>\$ 10,979</u>	<u>\$ 9,392</u>
Balance Consists of:		
Sponsored Research and Designated Funds	\$ 5,317	\$ 4,724
Special Purpose Trust	5,435	4,384
Operating Funds	227	284
	<u>\$ 10,979</u>	<u>\$ 9,392</u>

10. Obligations under Capital Leases

The following is a schedule of future minimum lease payments for equipment under capital leases expiring between April 30, 2015 and September 30, 2019 together with the balances of the obligations under capital leases:

2015/16	\$ 162
2016/17	162
2017/18	162
2018/19	65
2019/20	-

Annual principal payments on the notes during the next five years and thereafter are: 2016 - \$1,618; 2017 - \$1,477; 2018 - \$1,262, 2019 - \$1,317; 2020 - \$1,328, thereafter - \$61,586.

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended March 31, 2015
Amounts in Thousands

Supplementary pensions payable represents payments to past Presidents of the University for services performed and is based on an actuarial calculation. The amount due in 2015 is \$52 (2014 - \$52).

Interest expense during the year on long term liabilities totalled \$2,915 (2014 - \$2,516) of which \$191 (2014 - \$122) was capitalized during the year.

The University received capital funding from the Provincial Government as a contribution towards the Richardson College for the Environment and Science Complex building and deferred maintenance expenditures on campus. The funding was financed by promissory notes payable to the Province of Manitoba bearing interest at rates ranging from 3.75% to 5.95%. The notes are repayable over a term of 40 years, due between February 2047 and January 2055. Repayment is funded by dedicated grants from the Province of Manitoba. This funding has been treated as a restricted grant and recorded as deferred capital contributions where it paid for an asset which was capitalized, or recognized as revenue in the period expended, if the expenditure did not meet the definition of a capital asset. The loan payments, off-setting revenues and debt outstanding are not recorded in the University's financial statements. The balance of debt outstanding at March 31, 2015 is \$70,422 (2014 - \$68,981).

13. Internally Restricted Net Assets

	March 31, 2014	Reductions	Additions	March 31, 2015
Unrestricted Trust Income	\$ 1,246	\$ (97)	\$ -	\$ 1,149
Strategic Provisions:				
Infrastructure				
Capital Reserve	350	-	-	350
Strategic Development				
Project Development	479	(34)	219	664
	829	(34)	219	1,014
	<u>\$ 2,075</u>	<u>\$ (131)</u>	<u>\$ 219</u>	<u>\$ 2,163</u>

The cumulative net unrestricted trust income is available to fund Board of Regents Scholarships.

Strategic provisions represent an appropriation from unrestricted net assets to internally restricted assets. These appropriations are made to provide for future funding support of initiatives within the Strategic Plan and the Academic Plan. Actual expenses related to strategic provisions are charged to operations and are covered with a corresponding transfer of funds from internally restricted net assets (See Statement III).

14. Externally Restricted Net Assets (Endowments)

	2015	2014
Cash and Short Term Investments	\$ 1,872	\$ 1,584
Long Term Investments (Note 4)	1,996	1,963
	<u>\$ 3,868</u>	<u>\$ 3,547</u>

Endowments of \$2,418 (2014 - \$2,297) are held in trust in accordance with the terms of a designated bequest. In 2015, the University has a 10% share in the income distribution from this trust (2014 - 10% share). The majority of the University's Endowment Fund was transferred to the Foundation in 2004 (Note 18).

15. Financial Instrument Risk Management

The University is exposed to credit, interest rate and liquidity risk. Based on the University's small amount of foreign currency denominated assets and liabilities, a change in exchange rates would not have a material effect on its Statement of Operations. The University manages its financial assets in accordance with the Board of Regents Financial Oversight and Budgeting Policy.

Credit Risk

Credit risk is the risk of financial loss to the University if a counterparty to a financial instrument fails to discharge an obligation.

Accounts receivable are due, for the most part, from various levels of government and students. The carrying amount of accounts receivable has been reduced through the use of an impairment allowance, set up based on the University's historical experience regarding collections.

The aging of accounts receivable at March 31 is as follows:

	2015	2014
Accounts Receivable, gross		
Current	\$ 3,785	\$ 3,894
Past Due	2,347	1,470
	6,132	5,364
Less: Allowance for Doubtful Accounts	(454)	(390)
Accounts Receivable, net	\$ 5,678	\$ 4,974

The credit risk on cash and cash equivalents and short and long term fixed income investments is considered low as the counterparties are highly rated financial institutions. The credit risk regarding the equity investment in properties is considered low as the underlying assets are quality commercial properties. The credit risk on long term receivables is considered low as the receivable is from an established not-for-profit organization and secured by the 460 Portage Avenue property therefore no allowance has been provided for.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Interest Rate Risk

Interest rate risk is the potential for financial loss caused by fluctuations in fair value or future cash flows of financial instruments because of changes in market interest rates.

The University is exposed to this risk through its cash equivalents and long-term liabilities. Generally, the value of cash equivalents increases if interest rates fall and decrease if interest rates rise. Due to the short term nature of the cash equivalents, the University has minimal exposure to risk associated with changes in interest rates. Long-term liabilities are primarily at fixed interest rates and terms and are measured at amortized cost using the effective interest rate method; therefore have no exposure to risk associated with changes in interest rates.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Liquidity Risk

Liquidity risk is the risk that the University will not be able to meet all cash outflow obligations as they come due. The University mitigates this risk by monitoring cash activities and expected outflows through extensive budgeting and maintaining investments that may be converted to cash in the near-term if unexpected cash outflows arise. As cash equivalents are held in a premium money market fund in which at least 90% of the assets must be comprised of liquid investments, the exposure to liquidity risk is not considered material.

Current liabilities include deferred revenue and accrued vacation pay which will not be settled directly with cash. The sum of remaining liabilities is less than the value of current assets as at March 31, 2015.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

16. University of Winnipeg Trusteed Pension Plan (the Plan)

The Plan was established as a contributory defined benefit pension plan effective September 1, 1972 and covers substantially all employees of the University, except those who are members of the United Church of Canada Pension Plan. The Plan is registered under the Income Tax Act and the Manitoba Pension Benefits Act (Registration #309914). The defined benefit segment of the Plan was closed to new members effective January 1, 2001. New plan members effective January 1, 2001 join the defined contribution segment of the Plan.

Prior to July 2008, the University was responsible for the administration of the Plan. An independent Board of Trustees is now responsible for the administration of the Plan and is the trustee of the pension fund. The pension fund assets are invested on the advice of professional investment managers and are held under a Trust Agreement by a trust company.

Contributions are made by the University based on the salary of each active member in accordance with the provisions of the Plan. Members do not contribute if they are in receipt of benefits from the University's LTD plan.

Defined Contribution Obligation

Members of the defined contribution segment contribute 6.2% of their salary not in excess of \$105,111 plus 30% of the Canada Pension Plans Year's Maximum Pensionable Earnings (YMPE) to the Plan. The University contributions match member contributions.

The activity in the defined contribution segment of the Plan in the period was:

	Dec. 31, 2014	Dec. 31, 2013
Balance, Beginning of Year	\$ 41,889	\$ 32,997
Contributions	5,602	5,243
Benefits and Refunds Paid	(690)	(1,451)
Net Investment Return	4,972	5,100
Balance, End of Year	<u>\$ 51,773</u>	<u>\$ 41,889</u>
Expense recognized for the period ending December 31	\$ 2,768	\$ 2,549

Defined Benefit Obligation

Pensions are provided on the basis of final average earnings and service. The maximum pension per year of service is \$1,722.22. Inflation protection is provided based on the four year average net investment earnings of the pension fund in excess of 6%, limited to the increase in the CPI. At the December 31, 2013 valuation of the defined benefit segment of the Plan, there were 181 active members with an average age of 57.9. There were 47 former employees entitled to deferred pension benefits and 259 retirees and survivors receiving pension benefits.

Members contribute 8.0% of salary up to the Canada Pension Plan Year's Basic Exemption (YBE), 6.2% between the YBE and YMPE and 8.0% in excess of the YMPE. Members contribute only on salary not in excess of \$86,111 plus 30% of the YMPE.

The University contribution formula rates are 100 basis points higher than the member contribution formula rates. The University also contributes any additional amounts required under the Pension Benefits Act.

In accordance with the Pension Benefits Act, an actuarial valuation of the defined benefit segment of the Plan is required at least every three years. Valuations may be required more frequently depending on the financial position of the Plan. As the Plan is currently under 90% funded on a solvency basis, annual valuations are required.

Actuarial valuations are performed by Eckler Ltd. (Eckler) using the projected benefit method. The latest actuarial valuation of the Plan was prepared and filed with the Manitoba Pension Commission as at December 31, 2013, and the results were extrapolated to December 31, 2014. There is a net unamortized actuarial loss to be amortized on a straight-line basis over the expected average remaining service of the employee group (7.9 years).

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended March 31, 2015
Amounts in Thousands

Actuarial valuations are based on a number of assumptions about future events, such as inflation rates, interest rates, salary increases and mortality. The assumptions used reflect the University's best estimates. At December 31, 2014, the expected future inflation rate is 2.00%. Salaries are assumed to increase 3.00% per year, plus a promotion and merit increase for academic members only. Pensions are assumed to increase by 0.75% per year. The discount rate used to determine the accrued benefit obligation and current service cost is 5.90% (2013 - 6.00%).

Pension fund assets are valued at market values. The expected rate of return on plan assets net of investment expenses is 5.90%. The actual return on pension fund assets in 2014 was 9.35%.

Change in Accrued Benefit Obligation - Calendar Year Ending December 31

	2014	2013
Accrued Benefit Obligation, Beginning of Year	\$ 144,639	\$ 140,614
Current Service Cost	2,080	2,196

	%	%
Discount rate	5.90	6.00
Post-retirement indexing	0.75	0.75
Rate of salary increase	3.00	3.00

Funding Obligation

In the event that the actuarial valuation of the Plan for funding purposes determines that the Plan is not fully funded, the University is responsible for providing adequate funding levels in accordance with the *Pension Benefits Act of Manitoba*.

The actuarial valuation at December 31, 2013 confirms that the defined benefit segment of the Plan has a solvency deficiency of \$31,254 and a solvency ratio of 0.758 (2012 - 0.634).

The University would normally be required under the *Pension Benefits Act* to make additional contributions to amortize the solvency deficiency over a five year period. However, the Provincial Government has provided universities in Manitoba with an opportunity to be permanently exempted from the usual solvency funding requirements, while the Plan continues on a going-concern basis. The University Pension Plan's Exemption Regulation (Regulation 141/2007) was registered October 15, 2007. The University has complied with all requirements to be entitled to the permanent exemption.

The going-concern deficiency at December 31, 2013 was \$17,551 and the annual deficiency funding payments are \$2,003, which the University will continue to make until the deficiency is eliminated.

In addition, because of the going-concern deficiency at December 31, 2013, the University is also required to make an additional contribution in 2014 of \$399 (2013 - \$280) in order to fully fund the cost of accruing benefits and administration expenses.

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Amounts in Thousands

17. Contractual Obligations

The University has operating lease obligations that cover equipment and building space integral to the University's operations. The lease obligations expire at various dates up to and including March 1, 2030. In addition, the University has entered into a number of contracts to complete capital additions and renovations on campus properties during the upcoming year. The above obligations require annual payments over the next five years and thereafter as follows:

	Lease	Contractual Obligations	Total
2015/16	\$ 3,199	\$ 35	\$ 3,234
2016/17	2,143	-	2,143
2017/18	1,336	-	1,336

2019/20	921	-	921
Thereafter	8,589	-	8,589
	<u>\$ 17,173</u>	<u>\$ 35</u>	<u>\$ 17,208</u>

18. The University of Winnipeg Foundation Inc.

The University's Board of Regents approved the establishment of the University of Winnipeg Foundation Inc. in March 2003. The Foundation's vision is to strengthen, deepen and advance the University's mission through the creation of a long term income stream. The Foundation is a charitable not-for-profit organization and, as such, is exempt from income taxes under the *Income Tax Act (Canada)*.

The establishment of the Foundation is based upon mutually binding agreements between the University and the Foundation. Endowment Fund agreements formalize management of the Endowment Fund including the annual income allocation to the University from the Endowment Fund and payment of an administration fee from the Endowment Fund to the Foundation. The Coordination, Cooperation and Fund Agreement and the Occupancy and Support Agreement outline support services provided by the University to the Foundation and provide for an operating grant from the University to the Foundation. Details of resulting amounts are shown in the Related Parties Note 20.

As the Foundation is a controlled entity of the University, their financial statements have been prepared in accordance with PSAS for GNFOs, including the 4200 series of standards, as issued by the Public Sector Accounting Board.

The Foundation follows the restricted fund method of accounting for contributions. The Foundation maintains separate funds within its assets and follows the principles of fund accounting to record the day to day transactions.

The financial position of the Foundation at March 31, which includes the University of Winnipeg Foundation USA Inc., a controlled entity, is summarized as follows:

	2015	2014

19. University of Winnipeg Community Renewal Corporation

The University of Winnipeg Community Renewal Corporation (UWCRC) was incorporated on April 6, 2005 as a corporation without share capital. UWCRC is a charitable not-for-profit organization and, as such, is exempt from income taxes under the *Income Tax Act (Canada)*. UWCRC holds ownership interests in for-profit subsidiary entities that are taxable.

UWCRC's mandate is to support the University by developing a sustainable university community that promotes the attractiveness of the University to its faculty, staff, students, and the greater community. UWCRC will manage, as part of its mandate, projects on behalf of the University. This will involve the development of a comprehensive Campus and Community Development Plan, assessment of particular development projects and the development of partnerships with community, private and public sector organizations. Details of resulting amounts are shown in the Related Parties Note 20.

As UWCRC is a controlled entity of the University, their financial statements have been prepared in accordance with PS 4200 series of standards, as issued by the Public Sector Accounting Board.

UWCRC holds a 25% investment in the land and building situated at 491 Portage Avenue ("Property") in Winnipeg, Manitoba. The Property is a commercial complex comprising an office building, retail stores and a parkade adjacent to the University's main campus. The University is leasing office space in the Property.

The Property is pledged as security for an \$18,000 mortgage bearing interest at 5.49% maturing March 2031 and an

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
 For the Year Ended March 31, 2015
 Amounts in Thousands

advance bearing interest of 7.039% maturing June 2029 with Manulife Financial Inc. The funds were advanced to the 491 Portage Avenue Joint Venture. The principal outstanding at March 31, 2015 is \$12,555 (2014 - \$13,029). The mortgage and advance are secured by an \$18,000 debenture registered against the title of the property, share pledge agreements, and the postponement of claims by the joint venturers to a total of \$3,000.

UWCRC records its 25% investment in the Property on a modified equity basis as a result of significant influence.

The financial position of UWCRC at March 31 is summarized as follows:

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended March 31, 2015
Amounts in Thousands

20. Related Party Transactions and Balances

The Foundation and UWCRC are controlled entities of the University. The Trusteed Pension Plan, the 460 Portage Avenue Joint Venture and Diversity Food Services (Diversity) are also related parties. Diversity, an unincorporated joint venture, is related to the University by way of UWCRC owning 100% of the issued share capital of a numbered company which jointly controls Diversity.

During the year ending March 31, the University incurred transactions as follows:

	2015	2014
From the University to the Foundation:		
i) Operating grant	\$ 160	\$ 200
ii) Gifts of residuals for endowment	\$ 448	\$ 358
iii) Gifts of matching funds for endowment	\$ 583	\$ 720
iv) Occupancy and Support Agreement	\$ 180	\$ 185
From the Foundation to the University:		
i) Transfer of annual donations	\$ 3,402	\$ 3,295
ii) Income allocation	\$ 1,628	\$ 1,349
iii) Occupancy and Support Agreement	\$ 180	\$ 185
From the University to UWCRC:		
i) Consulting fees (excluding GST)	\$ 965	\$ 1,165
From UWCRC to the University:		
i) Management fees	\$ 244	\$ 167
From the University to the Joint Venture:		
i) Lease expense	\$ 714	\$ 701
From the Joint Venture to the University:		
i) Service fees	\$ 94	\$ 92
From the University to Diversity:		
i) Food services	\$ 883	\$ 858
From Diversity to the University:		
i) Rental revenue	\$ 70	\$ 70

These transactions are recorded at the exchange amount which is the amount established and agreed to by the related parties. The University's share of the Joint Venture related party transactions has been eliminated upon consolidation of the Joint Venture.

At the end of the year, the amounts due to and from related parties are as follows:

	2015	2014
Due from related parties:		
Foundation	\$ 280	\$ 245
7049651 Manitoba Association Inc.	3,357	121
UWCRC	63	-
	<u>3,700</u>	<u>366</u>
Due from 460 Portage Avenue Joint Venture:		
Notes receivable (Note 5)	<u>11,207</u>	<u>11,311</u>
Due to related parties:		
Foundation	583	720
UWCRC	-	79
460 Portage Joint Venture	58	7
	<u>\$ 641</u>	<u>\$ 806</u>

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended March 31, 2015
Amounts in Thousands

In addition to those related transactions disclosed elsewhere in these financial statements, the University is related in terms of common ownership to all Province of Manitoba created departments, agencies and Crown Corporations. The University enters into transactions with these entities in the normal course of business. These transactions are recorded at the exchange amount.

21. 460 Portage Avenue Joint Venture

The University entered into an unincorporated Joint Venture Agreement with the Plug-In Institute of Contemporary Art (Plug-in) in July 2009. The purpose of the joint venture is to construct and operate a building primarily intended to provide space for the operations of the University and Plug-In on a break-even basis. The terms of the operation of the joint venture are defined in the Joint Venture Agreement. Both the University and Plug-In are registered charities, exempt from income taxes under the *Income Tax Act (Canada)*.

The joint venture consists of the bottom three floors of the building known as 460 Portage Avenue as well as the parking lot directly behind the building. Plug-In has one third ownership of the joint venture, with the University owning the remainder. The Joint Venture Agreement provides each party with a veto over significant decisions related to the building. The operations of the joint venture are managed by the University as a trustee of the joint venture. Operating expenses for the entire building are included in the joint venture. Recoveries for expenses related to the 4th floor which is entirely owned by the University are included as recoveries from the University. Details of resulting amounts are shown in the Related Parties Note 20.

The joint venture financial statements have been prepared in accordance with Canadian accounting standards for private enterprises. The following is a summary of the University's proportionate share of the financial position, results of operations and cash flows of the joint venture included in the consolidated financial statements for the year ended March 31. There are no significant differences in accounting policies from those followed by the University.

Statement of Financial Position

	2015	2014
Assets:		
Accounts receivable and prepaid expenses	\$ 218	\$ 263
Capital assets	7,927	8,072
Intangible asset	1,192	1,225
	<u>9,337</u>	<u>9,560</u>
Liabilities and Venturer's Equity:		
Accounts payable and accrued liabilities	\$ 5	\$ 5
Due to the University of Winnipeg	7,352	7,526
Deferred capital contributions	401	409
Venturer's equity	1,515	1,572
Capital Reserve	64	48
	<u>\$ 9,337</u>	<u>\$ 9,560</u>

Statement of Operations

	2015	2014
Revenues:		
Rental revenue	\$ 115	\$ 104
Amortization of deferred capital contributions	7	7
Expense recovery from Venturers	588	577
	<u>710</u>	<u>688</u>
Expenses:		
Building operating	216	204
Interest	387	391
Amortization	119	119
Amortization of intangible asset	33	33
	<u>\$ 755</u>	<u>\$ 747</u>
Net loss	<u>\$ (45)</u>	<u>\$ (59)</u>

THE UNIVERSITY OF WINNIPEG
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended March 31, 2015
Amounts in Thousands

Statement of Cash Flows

	2015	2014
Cash receipts from tenants and Venturers	\$ 673	\$ 681
Cash paid to suppliers	(140)	(135)
Interest paid	(387)	(391)
Cash flows from (used by) operating activities	146	155
Repayment of long term debt	(70)	(66)
Other financing activities	(102)	(58)
Cash flows from financing activities	(172)	(124)
Cash flows used in investing activities - purchase of capital assets	26	(31)
Net change in cash position	\$ -	\$ -

Some of these balances were netted against balances on the University's accounts on consolidation.

The intangible asset included in the joint venture represents the University's ability to obtain long-term financing and is valued at the amount agreed to in the Joint Venture Agreement. The University's portion of the intangible asset as well as certain other balances were eliminated in the University's accounts on consolidated.

Construction of the building resulted in a number of deficiencies which had to be rectified upon possession. The cost of remedial action is included in the cost of the building. The Joint Venture was able to recover some of these costs from the design team and the issue is now settled.

22. Contingencies

The University is named as a defendant in litigations where legal action has commenced or is anticipated. While the ultimate outcomes of these proceedings cannot be predicted at this time, management and its legal counsel are of the opinion that, either the outcomes will not have a material effect on the financial position of the University, or the outcomes are not determinable. No provision has been made in the financial statements in respect of these claims.

The University, acting as trustee for the 460 Portage Avenue Joint Venture has entered into an agreement with an unrelated third party to purchase the land known as 460 Portage Avenue. The agreement calls for a final payment equal to the difference between \$2,000 and the appraised value of the said land based on vacant unimproved land as at December 31, 2017. No provision has been made in the financial statements for this contingent future payment.

23. Reclassification of Comparative Figures

Certain 2014 comparative numbers have been reclassified to conform with the financial statement presentation adopted for 2015.
