Note: Students in the departments and programs listed with an asterisk (see reverse side – Chemistry, Psychology and Criminal Justice) are not required to consult a Major Advisor. However, students who would like advice concerning these programs are encouraged to contact the department representative (see reverse side).

THIS FORM IS TO BE USED ONLY for the declaration of majors in the 3-year degree programs. If you wish to declare a major in the 4-year program, do not use this form; obtain the appropriate 4-year degree declaration form from Student Central or from the website.

All students, **including transfer students**, enrolling in their 42<sup>nd</sup> university credit hour are required to declare a major and fulfill the program advising procedures of the department offering that major. Students are encouraged to complete these steps before the end of the current term.

PLEASE CONSULT the appropriate departmental advisor and return the completed form to STUDENT CENTRAL.

TO REGISTER FOR A SECOND MAJOR IN ADDITION TO YOUR FIRST MAJOR, YOU MUST SHOW BOTH MAJORS ON THE SAME FORM. OTHERWISE THE NEW MAJOR WILL REPLACE YOUR FIRST MAJOR, RATHER THAN BEING ADDED AS A SECOND MAJOR.

All Education students, including transfer students, enrolling in their 36th university credit hour are required to declare their stream, degree major, teachable major, and teachable minor through the Faculty of Education. Faculty of Education "Declaration of Stream, Major and Minor" forms are provided to Education students as part of their Year 2 Registration Kit and should be submitted to the Faculty of Education by July 31."
