1. Information and Advice
   All University of Winnipeg degrees have general, major and course requirements which reflect the University’s commitment to a liberal arts and science education. Students are required to develop depth of knowledge in one or more subject areas by fulfilling Major or Honours requirements; to develop breadth of knowledge by fulfilling Humanities, Science, Social Science Distribution, and Indigenous Course requirements; and to develop their writing skills by fulfilling a Writing Requirement.

   While it is a student’s responsibility to ensure that degree requirements are met, advising to interpret regulations, to plan programs, and to monitor progress is available from Academic Advisors. Advising for major subject requirements is provided by the department (program) offering the chosen major. Students are encouraged to develop a plan and monitor their own progress in the on-line Student Planning module.

2. General Degree Requirements
   The University general degree requirements provide students with the opportunity to gain the breadth of knowledge and skills consistent with a liberal education.

   a. The Writing Requirement
      All students must fulfill the University Writing Requirement by course work or exemption prior to enrolling in their 42nd credit hour by taking an Academic Writing course at the 1000 level, either three credit hours from RHET-1101(3), RHET-1102(3), RHET-1103(3), RHET-1104(3), RHET-1105(3), and RHET-1106(3), or six credit hours from RHET-1110(6) and RHET-1115(6). Students eligible to take a 3 credit hour course may register in a 6 credit hour course instead. For course descriptions of Academic Writing courses, please see the “Department of Rhetoric, Writing, and Communications” section of this Calendar.

   Placement Criteria:
      All students entering directly from high school, except for those exempt from the University Writing Requirement, are required to take Academic Writing before they complete their 42nd credit hour and preferably in their first year.

   Students who are exempt from the University Writing requirement:
      - students receiving 80% or more average in English 40S (2 credits)
- students receiving 5 or more in IB English
- students receiving 4 or more in AP English Lit/Comp or Lang/Comp
- students who have successfully completed 24 or more hours of transfer credit
- students receiving 5.0 on the writing component of the CanTEST or TWE or 7.0 or more in IELTS writing
- students in the After-Degree ED Program
- students in master’s-level programs
- students whose first registration at The University of Winnipeg was prior to September 1989.

Students who are required to take 3 credit hours of 1000-level Academic Writing:
- students receiving 60% or more but less than 80% average in English 40 (2 credits)
- students receiving 4.0 or 4.5 on the writing component of the CanTEST or TWE or 6.0 or 6.5 on IELTS writing.
Students eligible to take a 3 credit hour course may register in a 6 credit hour course instead.

Unless prescribed in a specific program, the following students are not required to meet their Academic Writing requirement with RHET-1110(6) or RHET-1115(6), but are encouraged to do so rather than with the 3 credit hour options:
- students receiving less than 60% in English 40 (1 credit)
- students receiving 3.5 on the writing component of the CanTEST or TWE or 5.5 on IELTS writing.

Note: Students who do not fit any of the above categories or are uncertain of their placement should contact the Department of Rhetoric, Writing, and Communications for placement advice.

Validation of Placement: On the basis of writing done early in the course, faculty members may advise students registered in the 3 credit-hour course that a full year’s work would increase their chances of improving their writing and satisfying the writing requirement, and may recommend a move to the 6 credit hour version of Academic Writing or to Academic Writing for ESL students; other students may be advised that they should move from a 6 credit hour to a 3 credit hour course. The faculty member and student may also decide, following discussion of the student’s writing, that he or she could benefit from peer tutoring, available free in the Tutoring Centre and the Computer Writing Lab.

Students who are exempted from the University Writing Requirement are encouraged to take courses in the Department’s upper-level group. Exempted students who are interested in working as writing tutors should inquire at the Department of Rhetoric, Writing, and Communications about the required preparatory course work.

b. The Humanities Requirement

Students must complete a minimum of 12 credit hours in Humanities courses. Where relevant, a course may fulfill both the Major and Humanities requirement at the same time. Cross-listed courses will fulfill the Humanities requirement if one of the courses is designated as Humanities.

e. The Indigenous Course Requirement

Effective Fall 2016, for students admitted for that term or after, students must complete a minimum of three credits hours in a course with significant Indigenous content.

The following courses meet the ICR:

Anthropology: Only ANTH-1005(3); ANTH-2103(3); ANTH-2160(3); ANTH-2202(3); ANTH-3113(3); ANTH-3120(3); ANTH-3126(3); ANTH-3127(3);
h. The Maximum Number of Introductory Courses Allowed

   Students may use a maximum of 42 credit hours at the 1000 level towards a degree at The University of Winnipeg. Of these, a maximum of 6 credit hours may be below the 1000 level.

   Students must maintain a minimum academic performance level both to continue a program of studies and to qualify for a degree. Please refer to the section on Academic Regulations and Policies.

3. The Major

   Every degree must include a subject concentration in which a minimum number of courses is taken, identified by the student and the University as the Major. The Major provides the opportunity for a student to develop depth of knowledge in a chosen field of disciplinary and/or interdisciplinary studies.

   For specific information, students should read the relevant department/program section describing the requirements of the major they are seeking.

   a. Major Regulations

       Each department/program has its own requirement for the number of credit hours which must be taken in the declared Major subject.

       There is a minimum performance requirement in Major courses presented for graduation. Students seeking 3- and 4-Year BA/BSc/BBA/BPHE/BKin degrees must have a 2.0 GPA in the Major subject courses presented for graduation. Students seeking Honours degrees must have a 3.0 GPA in all Honours subject courses.

       There is a minimum entry requirement for students registering for the BA Honours, the Student-Designed Major and the Thematic Major.

       Students may declare a major at the point of application to the University; they are asked to declare a major before registering for their 36th credit hour of course work and are required to declare their major before registering for their 60th credit hour of course work.

       Students are normally required to consult with, and receive written permission from, departments/programs before declaring a Major.

       • 3-Year: Students must consult with all departments with the exception of Chemistry, Criminal Justice, and Psychology where consultation is recommended but not required.

       • 4-Year: Students must obtain program approval before each registration.

       • Honours: Students must obtain program approval before each registration.

       • Student-Designed: Students must consult with the Coordinator of the Flexible Major Program.

       • Education: Students declare their Major to the BEd Advisor.

       • Double: Students must receive program approval from both subject areas.

       • Combined: Students must receive program approval from both subject areas.

   b. Types of Majors

       A variety of majors and combinations of majors allow students to choose programs of study most suitable for achieving specific academic and/or career goals. The official transcript will indicate the major or majors once the degree has been conferred.

       • Single Major: A student chooses one disciplinary and/or interdisciplinary area as the Major subject concentration.

       • Double Major: A student chooses two disciplinary and/or interdisciplinary Major subject concentrations and meets the requirements in each Major subject as outlined by the department/program.

       • Single Honours: A student chooses one Honours subject concentration and meets the requirements for the Honours subject as outlined by the department/program.

       • Double Honours: A student chooses two Honours subject concentrations and meets the requirements in each Honours subject as outlined by the department/program.

       • Combined Major: A student chooses to combine courses from two Major concentrations for a single Major by completing a minimum number of credit hours in each subject area. The combined major is available in the 3-Year and 4-Year degrees. It is not available in the Honours degree.

       • Student-Designed Major: A student, with the assistance of a faculty sponsor, designs an integrated, interdisciplinary major tailored to her/his interests and goals. The courses chosen for the Major relate to a theme or focus, and must reflect both breadth and depth. The Student-Designed Major is available in the 4-Year and Honours BA and BSc and follows University requirements for those degrees. It is NOT available in the 3-Year degree.

       Students interested in pursuing this major should contact the Coordinator of the Flexible Major Program.

       • Thematic Major: From time to time, interdisciplinary majors designed around a common theme of current interest will become available.
