DEGREES/PROGRAMS OFFERED  
3-Year BA

INTRODUCTION

Developmental Studies is a distinct field that draws on the integration of the perspectives and methods of many disciplines to provide a coherent analysis of the biological, environmental, and social factors that influence both individual and group development. As such, it has specific relevance for a growing number of occupations and professions, notably child care, gerontology, and family studies.

The Developmental Studies Program is an Interdisciplinary Major which differs from a regular Major program in that it is composed of offerings from several different departments. The program includes courses from the Departments of Anthropology, Biology, Business and Administration, Chemistry, Conflict Resolution Studies, English, Geography, History, Kinesiology and Applied Health, Mathematics, Philosophy, Politics, Psychology, Sociology, and Statistics. As a student of Developmental Studies, you may choose to pursue one of three streams: Stream A: Individual Human Development, Stream B: Comparative Biological Development, or Stream C: Child Development and Child Care.

Students who major in Developmental Studies (Stream A or C) may qualify for employment in government positions or in institutions dealing with early-childhood services. For those interested in pursuing this field, graduate work prepares them for research, administration, and university teaching.

All students pursuing majors are required to select courses from various groups as indicated below, depending on the stream selected. In addition, students wishing to orient their program towards specific educational goals are advised to seek advice early in their program for appropriate course selection. For more information, visit https://www.uwinnipeg.ca/developmental-studies/index.html

REQUIREMENTS FOR A 3-YEAR BA IN DEVELOPMENTAL STUDIES

GENERAL INFORMATION

Prerequisites and Waivers
All students in Developmental Studies (Stream A, B, or C) will receive a waiver of SOC-1101(6) Introductory Sociology only for SOC-2115(6) Sociology of Socialization and Development, SOC-2103(3) Sociology of Families, and SOC-3303(3) Globalization and Families. Students who wish to take other Sociology courses must complete the prerequisite introductory course or seek a waiver from the Sociology Department.

Applicants who hold a two-year ECE Diploma from either Red River College (RRC) or Université de Saint-Boniface (USB) will receive a waiver for PSYC-1000(6) Introductory Psychology and PSYC-2200(3) Developmental Psychology I: Fundamentals.

Often, a course will list a prerequisite or indicate “Departmental permission.” Applicants interested in such courses should contact the Department to discuss their qualifications. If the Department deems the applicant as having the background necessary for the course, a prerequisite waiver will be issued and the applicant may register for the course.

Education Students in the Early Years, Middle Years, and Early/Middle Years Streams Selecting Developmental Studies (DS) as their “Teachable Minor”

The following four courses are required:
1. PSYC-2200(3) Developmental Psychology I - Fundamentals (Note: The Psychology Department will waive the prerequisite PSYC-1000(6) Introductory Psychology only (for Education students who have selected DS as their teachable minor)
2. DEV-3300(3) Speech and Language Disorders
3. DEV-2004(3) Observation and Evaluation Techniques
4. DEV-3100(3) The Child, Family, and Social Policy

Advanced Internship Requirements
All students in Stream C will be required to participate in an advanced internship in their selected area of specialization (Inclusion or Child Care Administration). The goals of the internship are to provide students with opportunities to integrate theoretical learning with practical experience and focus on emerging leadership skills.

The internship will involve the equivalent of two days a week to be spent in a designated internship setting in the final term of the program. Under special circumstances, the student may elect to complete the internship over a four-week block of time (equivalent of 20 full days), after consultation with and approval of the instructor. Students will be required to develop a major project that provides a focused learning experience in their internship placement. The Topics in Leadership in ECCE course will be taught in conjunction with the advanced internship, giving students the opportunity to exchange perspectives on a broad range of issues relating to their respective fields. Students will gain information and skills through in-class discussions and presentations, reporting on experiences gained through their internship placements, and individual research and readings.

CHILD DEVELOPMENT AND CHILD CARE
INTRODUCTION

Red River College (RRC)
Stream C is an expansion of a long-standing joint program between the University of Winnipeg (UW) and Red River College (RRC). By combining the resources of both institutions, students are able to earn both the RRC two-year diploma in Early Childhood Education (ECE) and the UW three-year BA in Developmental Studies in a four-year period of full-time study. Stream C is a professional program particularly designed for those who wish to pursue the area of early-childhood development and seek classification as an Early Childhood Educator III under the regulations of the Manitoba Department of Families.
