INTRODUCTION

The History of Art Program focuses on the artistic achievement and its relationship to society and culture. The architecture, sculpture, painting, and other artistic mediums produced by a civilization provide an important key to its contextualization. By examining visual records of humanity's past, students can further their understanding of political, economic, social, intellectual and cultural developments.

The multidisciplinary History of Art Program introduces students to basic concepts in the field of the history of the visual arts. The program is administered by the History Department and may include courses from the Departments of Classics, Philosophy, Religion and Culture, and Theatre and Film. In addition, students in some courses have special access to the resources of the Winnipeg Art Gallery, and the University of Winnipeg's Gallery 1C03. Students in the History of Art Program may obtain the 3-Year BA, 4-Year BA, Honours BA or Minor in History of Art.

A Major in History of Art can lead to careers in teaching or in curatorial work at commercial or private galleries and museums. Those interested in pursuing graduate studies will find their way to careers in university teaching and research, governmental research or arts journalism.
