		Women's and Gender Studies (WGS)

1. User's Guide

a. Introduction

Every undergraduate department/program is listed in the "Areas of Study" section of the Calendar website.

Each department/program provides the following information in a PDF:

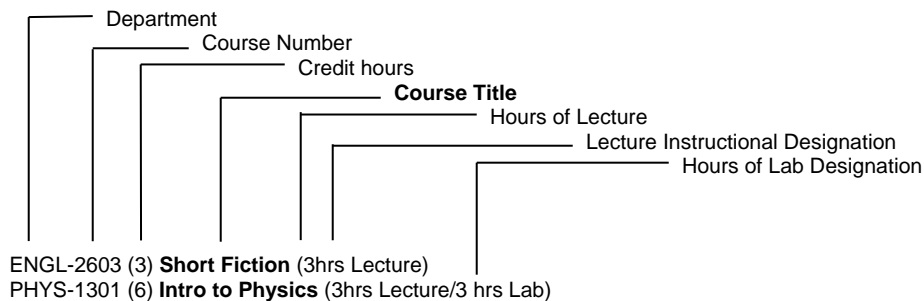

- Area of Study title and code
- List of faculty members
- List of degrees/programs offered
- Information about the discipline and career opportunities
- Requirements for each degree/diploma
- General Information about courses
- A listing of all courses offered in the department/program

A catalogue of all course descriptions for all undergraduate programs, organized by department, in alphabetical order, is presented in one large PDF called "All Course Descriptions" on the website:

<http://uwinnipeg.ca/academics/calendar/index.html>

Not all courses listed in the Calendar are offered every year. Students should consult WebAdvisor/Student Planning or the Timetable for courses offered during the upcoming term(s).

b. Key to Course Descriptions

Instructional Designations:

Lecture/Discussion
Lab
Seminar/Discussion
Directed Reading
Tutorial

Project/Thesis
Variable meeting hours
Apprenticeship/Internship/Practicum

c. Course Levels

Courses at The University of Winnipeg are numbered according to the following conventions:

0000(x) These courses are elementary courses and are offered on a limited basis. Six(6) credit hours of a 0000 level course may be used towards a degree but may not be used towards fulfilling University of Winnipeg distribution, Humanities, Science or Social Science requirements.

1000(x) These are introductory courses, normally presented in a lecture format. The courses may require a high school prerequisite. A maximum of 42 credit hours of 1000 level course may be used towards a degree. The 42 credit hours may include a maximum of 6 credit hours at 0000 level.

2000(x) These are courses at the second year level and are normally presented in a lecture/discussion format. Second year courses may have first-year prerequisites.

3000(x) These courses are upper-level courses, often dealing with specialized topics. They are normally presented in a lecture/seminar format but may also be tutorials or projects. Many courses at this level have 1000-and/or 2000-level course prerequisites.

4000(x) These courses are normally required for Honours and 4-Year degrees and are highly specialized. They are normally presented as seminars, tutorials, thesis or projects but may also be offered in a lecture format. Entry into 4000-level courses normally requires the permission of a department or program.

5000(x) These courses are designed variously for the pre-Master's, Post-Baccalaureate, or Post-Graduate level.

7000(x) These courses are graduate courses acceptable in the graduate program offering them.

d. Course Weight and Value

The credit value of a course can range from 1 credit hour to 12 credit hours or more. The credit hours assigned to each course are designated as (6), (3), (1.5), etc. The meeting hours of a class vary according to the credit assigned.
