

FREEDOM 55

We are liberally borrowing this expression to remind all of our class that we are still alive and kicking after 55 years post-graduation. Our 50th reunion was such a big hit that we decided to do it all over again with the support of the University. Those who came had so much fun renewing friendships and just getting in contact again.

It's the weekend of **September 12th to the 15th**. So book your flights now!!!

Here is the agenda for the weekend.
