

The University of Winnipeg Golden Key Chapter is a student group involved in activities that promote the three pillars of the Golden Key International Honour Society—academics, leadership, and service.

The Chapter's academic activities include funding three UW-GK created scholarships, offering free tutoring services, and hosting campus-wide MCAT and LSAT seminars in partnership with *The Princeton Review*. Fundraising for the Chapter scholarships is ongoing.

Leadership and service are combined with numerous on- and off-campus volunteer initiatives. This year, the Chapter is working with service organizations such as Canadian Blood Services, the Newcomers Employment and Education Development Services, Boys and Girls Clubs of Winnipeg, Siloam Mission, and the United Way. The Chapter has also partnered with Let's Talk Science at The University of Winnipeg.

The UW-GK Chapter works with university faculty and administrators to promote and maintain the highest standards for the advancement of each individual.
