Dear graduates,

I would like to express my sincere congratulations to each of our distinguished PACE graduates on your considerable achievement. It is an honour and privilege to be involved in the celebration of your convocation.

Since its inception 50 years ago, the goal of PACE has been to foster the growth, academically and professionally, of our students, and The University of Winnipeg is incredibly proud of the work that has been done to create an environment that encourages such development. Over the years, our programming has transformed considerably as we respond to societal, cultural, and technological advancements that we see in our changing world. Our dedication to expanding the potential of our students remains at the forefront of our mission. We have already seen in each of you the promise necessary to fulfill your goals, whether you are only beginning your career, moving in a new direction, or building upon an already substantial professional foundation.

We share in your success and accomplishments and are proud that you chose to study with us. Whether you studied full-time or part-time, it is our hope that we have during your time in PACE provided you with a valuable and enriching learning experience that translates seamlessly to your career endeavours. It is our wish that we continue to hear from you along the way, especially as you reach the professional dreams and career milestones you are all so very capable of achieving.

Again, congratulations, best wishes, and please, keep in touch.

From PACE

To the Graduates of 2022

On behalf of the staff and instructors at The University of Winnipeg Professional, Applied and Continuing Education (PACE), I offer you our most sincere congratulations on your graduation today. We consider ourselves lucky to have been on this journey with you as you studied at PACE. Whether you studied part-time or were at PACE for a full-time program, we know it took a lot of commitment to complete your studies. Completing your program demonstrates your hard work and dedication to earn a new credential despite the many challenges placed in your way.

Now that you have reached the end of this journey it is time celebrate your accomplishment. Earning your certificate or diploma was a huge investment in yourself, so take the time to reflect on what you have learned both inside and outside the classroom. You are now prepared to do anything you want as you have proven you have what it takes to be successful. The world is a better place with you in it.

We are so thankful that you choose PACE as your place of study. Please stay connected with us now that you are a graduate, as there are many opportunities to come back as mentors, guest speakers, or attend some of our events. Some of you will become employers of future graduates, or even future PACE instructors. Your new journey has just begun!

Congratulations graduates and best wishes in your future endeavors.

*Today you cross
the path from
students to alumni.*

From the Alumni Association

Congratulations Class of 2022!

As President of the University of Winnipeg Alumni Association, I am pleased to offer my congratulations on behalf of our Association to the graduating class of 2022. Your hard work and dedication have culminated in this very special day and I am so happy to share in your excitement and proud to acknowledge your success.

I remember with fondness my personal excitement standing on the front lawn of Wesley Hall in the spring of 1971 taking graduation photos with my proud family. No cell phones back then. Just an ordinary camera. However, the feelings remain the same. And 51 years later, I am still proud to remain an integral part of this university community.

After today, you will cross the path from being a student to an alumnus. You will join our alumni family of over 50,000 individuals who have shared a common turning point in their educational lives, the invaluable experiences of being an important part of this unique urban campus.

By becoming an active member of the Alumni Association, you can remain connected to and supportive of the University of Winnipeg and its students. Going forward, we hope that, through the Alumni Association, you will maintain and enhance your professional and community affiliations.

One of the more exciting initiatives that our Alumni Council has been working on with our university partners is how to achieve and enhance Alumni Engagement. Nothing is more important to us than reaching out, getting to know and working with our alumni.

We are delighted to be here today to greet you personally and hand you your Alumni Association pin. Please wear it proudly.

Though you are leaving us today, this is not good-bye. Please stay connected with us. Keep up-to-date with alumni activities on our social media sites, and feel free to contact your Alumni Office with the latest updates on where your life has taken you, or how we can do more for you. You are one of us now! Welcome!

The background of the page is a large, faint, red-tinted crest of the University of Winnipeg. The crest features a central shield with a lamp of knowledge, a book, and a cluster of grapes. A banner at the bottom of the shield contains the word 'LUX' with a cross symbol.

Convocation Tradition

Academic Dress

Academic dress originated in medieval times to provide warmth in the damp halls of learning. In its present form, it includes a gown, hood (worn over the shoulders) and, a cap or mortarboard.

All universities have distinctive dress for each degree offered, which explains the variety seen in the academic procession.

The University of Winnipeg academic dress conforms to the North American Intercollegiate Code. All graduates wear a black gown, which varies according to the degree conferred. The bachelor's gown is worn closed in front and is distinguished by its pointed sleeves. The master's gown is designed to be worn either open or closed in front and has closed sleeves with an opening to free the hands. The front portion of the sleeve below the opening has a long semi-circular cut-out. Doctorate gowns also may be worn open or closed. They are faced with velvet.

The edging colour on the hood indicates the faculty in which a degree is conferred: Graduate Studies – red; Science – gold; Education – blue; Arts – white; Business and Economics – brown; Kinesiology and Applied Health – green.

The width of edging is determined by the degree: three inches for doctors; two for masters and bachelors. Hoods are lined in red with a white chevron.

Honorary doctors' gowns are red in colour and are faced with white velvet. They are worn with red Tudor bonnets. The hood colour signifies the honorary degree: white for Laws; golden yellow for Science; admiralty blue for Letters; purple for Divinity. Hoods are lined in red and white – The University of Winnipeg colours. Fellows wear a gown of blue with neither hat nor hood. Members of the University's senior administration wear gowns of varying colours. They do not wear hoods.

Indigenous Graduation Stoles

Destiny Seymour is an Anishinaabe interior designer who is creating her own textiles that are reviving local Indigenous pottery and bone tool patterns from Manitoba. These ancient patterns have been dated from 400 to over 3,000 years old. Indigo Arrows is a company founded by Destiny that turns these textiles into modern home goods.

Destiny was approached to design custom graduation stoles for the Indigenous graduating students of The University of Winnipeg.

Each linen stole is handmade and block printed in Winnipeg. The pattern design is inspired by the repeated and delicate pattern stamping found on local Indigenous pottery, with colours reflecting The University of Winnipeg.

The University of Winnipeg Coat of Arms

The Coat of Arms of The University of Winnipeg was officially adopted by the governing bodies of The University during the academic session of 1972-73. The elements found within the Coat of Arms have been associated over the years with both Manitoba and Wesley Colleges, the ancestors of United College. The bunch of grapes in the lower portion of the inner shield derives from the Coat of Arms of Manitoba College. The grape symbol has its origin in the College seal adopted in the charter of 1871. The cross, the lamp, and the open book derive from the Coat of Arms of Wesley College, designed in 1897 by Dr. J.H. Riddell. The cross – the symbol of sacrificial service in the interest of humanity – was the basis for his design and upon it he placed a shield – the symbol of protection. The lamp – the symbol of light – also represents learning, to which the Colleges have been devoted for over a century in the Province of Manitoba. The open book – representing instruction in the way of life and the bringing of understanding to the student – symbolizes knowledge in a general sense, although it may carry overtones of the Holy Scriptures in a more limited interpretation.

The motto, placed upon a scroll below, is the United College motto, here retained: *Lux et Veritas Floreant* (Let Light and Truth Flourish). The words catch the central import of the lamp (light) and the open book (truth), and express the hope that both may flourish (as the grape) in our country (the cross).

Teaching of the Star Blanket

Across many Indigenous Nations, the foundational understanding is that we are all related. This understanding, includes our relationship to all beings everywhere – and to all things, from the earth to the sky and beyond. In this understanding, we are beings that come from the stars and our relationship extends to this dimension. The teachings and gifts of the Star Blanket extend from this understanding.

The teaching of the Star Blanket is different across nations. Though the purpose remains the same, it is a healing modality.

From the Ojibwe comes the story of a young baby that had an incurable illness. Her family took her to a medicine woman, who after four days was given the teaching to make a Star Blanket and wrap the little one in it. It was the star people that would do the healing. After four days of ceremony, the little girl was unwrapped.

From the Dakota comes the teaching that the blanket represents the star that we come from, and to be wrapped in the blanket reconnects to our original home and a place of safety.

From the Cree comes a similar teaching, though the points of the star are different.

Today, the Star Blanket is often used as a gift of honour and recognition of relationships. How honourable it is indeed to be given a gift that reconnects the recipient to the spirit of all things.

A World of Diversity

Our campus is a place of inclusion and the diversity of our student population is a tremendous strength. While some of our students grew up around the corner, others come from First Nations and Treaty areas across Manitoba, from provinces across Canada, and from communities around the globe. They have come here to learn and grow – and we are proud to help them prepare for a bright future and get ready to make their mark on the world.
