

# THE UNIVERSITY OF WINNIPEG

## Undergraduate Alternate Final Grade Form

<b>Student number:</b>	<b>Given name(s):</b>	<b>Surname:</b>
<b>University email address:</b>		<b>Phone number:</b>
<b>Complete course section number:</b> (ex. PHYS-1101-022)		<b>Course term</b> (only regularly-scheduled Fall/Winter Term 2019/2020 or Winter Term 2020 grades may be adjusted):
<b>Course Title:</b>		<b>Current grade:</b>

I understand that due to the COVID-19 public health emergency, University of Winnipeg students may choose how their grades will affect their grade point average (GPA) calculation for Fall/Winter Term 2019/2020 and Winter Term 2020 and that regular grading is the default option.

I choose the following:

Check one

**Alternative grading option #1\*:**

To have my final course mark appear on my transcript, but to not count toward my GPA. A notation will be added beside the course title to indicate that it is not included in the GPA. I understand, however, it is there to be used as a prerequisite for other courses as required.

**Alternative grading option #2\*:**

To have a pass/fail option (Standing or F) rather than a grade displayed on my transcript. This means I will have an 'S' (Standing) on my transcript instead of a grade, provided I passed the course. My GPA is not lowered or raised with this option.

**Note:** some Faculties, Departments, or courses may require you to have achieved a higher grade than 'D' to be able to choose the 'S'.

\*Students should consult with their Major or Academic Advisor to ensure they understand the implications of their choice.

*I understand that in selecting the above option now, I may only be able to change this decision through filing a final grade appeal.*
