# Regulations

## Related to Scheduling and Registration

In order to guarantee that all students are able to fulfill their degree requirements, students will be assigned to a particular timetable of courses. By doing this, we ensure that all students are able to register for the courses they need without worrying about potential conflicts or courses filling up. Students must register for the specific courses and sections to which they have been assigned. Many students have valid reasons for wanting particular courses or sections; however NO EXCEPTIONS will be made. To be fair and consistent, we cannot consider individual requests to accommodate work schedules, commuting time, child care, course preferences, extra-curricular activities at the practicum school, or any other reasons for wanting specific courses or sections.

**A**fter-Degree students will receive a mailing with a list of their assigned courses and schedules by mid June. Until then, students should plan to be available for classes and practicum every day, from 8:30 a.m. – 6:30 p.m. All other activities, including work, child care arrangements, and extra-curricular activities in the host school must be scheduled around classes and practicum commitments.

It is expected that students are familiar with the rules and regulations governing the education program. Ignorance of requirements and policies will not be considered in determining the validity of special requests.

Students entering After-Degree Year 2 will register in Tier 2, which typically takes place in mid to late June, 2021. Students are expected to register at their appointed time. If they do not, the Faculty of Education Office will not guarantee entry into required courses that have filled. We will not register students over capacity in any course. We do not maintain waiting lists for courses.

Students are advised to consult the [General Calendar > Areas of Study > Education > Faculty of Education Rules and Regulations \(pages 20 and 21\)](#), for additional rules governing courses, practicum, and performance in the After-Degree program.

# Spring Term

## Working Ahead

The main university timetable will be available online at <http://www.uwinnipeg.ca/index/timetable-index> by early to mid February. Registration typically begins in mid to late March.
