After Degree Year 1 Registration Information

Registration Materials

Most of the university's course information is posted online. Students are advised to visit the University's website, and to look at the following documents for more detailed information:

The Course Calendar

The Course Calendar contains information on degree requirements, program rules and regulations, and course descriptions. The Course Calendar is available online at:

<http://www.uwinnipeg.ca/academics/calendar/index.html>

Course Schedules

The course schedule for Year 1 of the After Degree program is prescribed, and is included in your registration package

Student Planning System

"Student Planning" is UW's online system for planning and registering for courses. You can use Student Planning to register for courses, drop or add courses, and communicate with your advisor. Throughout your degree program, you can use Student Planning to track your progress, and ensure that you are meeting all requirements. To begin, view some helpful video tutorials about Student Planning by visiting the following web page.

Registration Instructions

The "Registration" section of the University's website contains a wealth of information to help you register for your courses — <http://www.uwinnipeg.ca/registration/index.html>

Here, you will find information on tuition payment, getting your student ID card, buying books, and much more. You will also find instructions for using WebAdvisor, the University's online registration system. Take some time to review the material on this website. Remember that the After Degree program has many unique rules and regulations, so some of the course information in this section will not apply to you. For example, the academic dates for the After Degree program are different from those for other university programs. This booklet should be your primary resource for information on courses, degree requirements, and academic dates.

The chart on page 5 lists the exact courses and sections for which you must register. Be sure that you have registered for all required courses, as well as for both practicum blocks. Errors in registration can be difficult to correct later on.

Regulations Related to Course Scheduling

Students have a prescribed schedule, and have been assigned to specific courses and sections for the upcoming year. **No schedule changes can be accommodated, even when there is space in other sections.** You must schedule all other activities, including work, child care, extra-curricular activities, etc. around your classes and practicum commitments.

Elementary Curriculum, Instruction and Assessment Courses

Elementary students will be required to complete a block of teaching methods courses called Curriculum, Instruction and Assessment (C, I & A) courses. Students will complete C, I & A courses in the following four areas: Language Arts, Math, Science, and Social Studies. C, I & A courses in these four areas have been scheduled as a “package” of courses, designated by a particular section number. All students have been assigned to a particular section of C, I & A courses on the basis of their year and stream. After Degree students have been assigned to **section 153**. NO SECTION CHANGES will be permitted.

Practicum Blocks I and II

Students will complete two practicum blocks in Year 1. These blocks are each worth 3 credit hours toward degree requirements. The blocks are represented by course numbers. Students in the Elementary streams will complete both blocks in a cohort in a centrally located pre-determined K-6 Winnipeg school. In addition to these blocks, students will spend the first week of September and then two half days or one full day per week in their host schools throughout both terms. In addition to regular tuition fees, students will be charged a supplemental practicum fee of approximately \$170.00 per block (approximately \$340.00 for the year).

Foundations of Teaching and Learning

All After Degree students must register for EDUC-4002 Foundations of Teaching and Learning. Students in the Elementary streams have been assigned to **section 150**. [Section 151 has been reserved for students in the Senior Years stream.](#)

In order to accommodate the student teaching blocks, certification year courses will be offered in a condensed format, so that they can be completed before student teaching begins. Condensed courses may be offered in the Fall term, the Winter term, or across both Fall and Winter terms. Each term will consist of ten weeks of lectures and exams, followed by a student teaching block

Students in the After Degree program must register for numerous courses. It is possible for errors to be made completing your online registration. Please check your registration carefully, and ensure that you have selected the proper courses and sections. If you discover an error later, and your intended course or section has subsequently filled, we may not be able to accommodate a change.

Attendance Policy

The Bachelor of Education Program leads to a professional degree. Students are expected to attend, be punctual and participate in all classes. These expectations acknowledge their importance for the teaching and learning process and the professional responsibilities of teachers. Students are encouraged to volunteer and participate in extra-curricular activities in their host schools. However, students must ensure that no conflict occurs between the school activity and their attendance in class. Students are not to miss University classes for school activities.

Academic Advising

Advisors in the Faculty of Education Office are very busy between April and August with admissions and new student orientations. Please expect to wait at least a few days for a response to emails and phone calls. If your questions or concerns are complex, please make an appointment by emailing education@uwinnipeg.ca

Classroom Locations

Condensed Education classes will be delivered remotely in the Fall term, but we expect to return to campus for the Winter term. Courses will be taught in

Certification Orientation

Students must attend a “Certification Orientation” which will be held on Tuesday, August 31, from 9:00 am to 12:00 pm. This orientation will be in Webinar format. At this meeting, you will be informed about student teaching practicum experiences and expectations for the coming year. You will also meet your Faculty Supervisor, who will observe, mentor and evaluate your progress throughout your practicum.

“Contact to Contract”

The University of Winnipeg offers a series of career exploration seminars and workshops for certification students. These sessions will cover a variety of topics, such as writing effective resumes and cover letters, developing professional portfolios, preparing for job interviews, and making contacts in the field of education.

Each year, representatives from various school divisions conduct preliminary job interviews with graduating students. These job interviews typically take place during Reading Week (approximately mid February). If you would like to participate in these interviews in Year 5, you must be available during this time. Interviews cannot be arranged at alternate times. If you are planning a vacation, there are no classes or practicum during school spring break, which typically takes place in late March. Please visit the Faculty of Education Office in September for more information, or visit our web page at <http://www.uwinnipeg.ca/edpd/>
