Registration Materials

You will need your Certification Year 5 Registration Report (emailed in mid June). This report includes the following documents:

- A **Stream Checklist** — the checklist outlines your degree requirements, and lists the courses that you have completed to date, as well as any courses that are in progress. Please review this checklist for accuracy, and report any errors to the Faculty of Education office as soon as possible.
- A **Course Registration** sheet - this form lists the specific courses (and sections) that you must take in Year 5. Please use this form as a reference when completing your online registration.
- **Timetables** for Fall and Winter - these timetables outline the weekly course schedule for your assigned cohort.
-

Regulations Related to Course Scheduling

Students have a prescribed schedule, and have been assigned to specific courses and sections for the upcoming year. **No schedule changes can be accommodated, even when there is space in other sections.** You must schedule all other activities around your classes and practicum commitments.

Senior Years Groups

Senior stream students in the Integrated program have been assigned to one of two groups (Senior stream students in the After Degree students have been assigned to a third group). Each group has been assigned to specific schedule of courses. Your **Certification Year 5 Registration Report** indicates the group to which you have been assigned, and the sections and courses that you must take. No group reassignments will be considered.

Senior Years Curriculum, Instruction and Assessment Courses

Year 5 Senior Years students will continue taking specialized Curriculum, Instruction and Assessment (CIA) courses in their major and minor subjects. Students will also take courses in broad subject areas related to their teaching areas (e.g. English Language Arts, French, Kinesiology, Mathematics, Science, or Social Studies).

Practicum Blocks III and IV

Students will register for two extended blocks of practicum in Year 5. Practicum blocks are represented by course numbers, and are each worth 3 credit hours. In addition to regular tuition fees, students will be charged a supplemental practicum fee of approximately \$170 per block (\$340 for the year).

Students will register for EDUC-4776-150 Practicum Block III SY in the Fall term, and EDUC-4777-150 Practicum Block IV SY in the Winter term. Please ensure that you register for these practicum blocks.

In addition to these blocks, students must spend one full day or two half days per week in their host schools. Students may choose any full or half days that fit with their class schedule, and are not required to formally register for their weekly student teaching times.

Other Year 5 Courses

Each group has been assigned to a specific section of the following courses: EDUC-4401 Just and Effective Schools; EDUC-4405 Contemporary Issues in Inner-City Education; and EDUC-4604 Classroom-Based Assessment

Permission to Register Over Capacity

Individual instructors cannot grant permission to register over capacity in their courses. Permission can only be obtained from the Faculty of Education Office, and will only be considered if there is a direct conflict between two specific required courses. Conflicts with job hours or other personal commitments, or wanting to take courses that have been reserved for another group, or wanting to take courses at certain times of the day are not considered to be exceptional circumstances, and cannot be accommodated. We appreciate your understanding in this matter.

We reserve the right to move students to a different course or section after they have registered. This will only occur if there has been a late change to the timetable, such as a course being canceled or rescheduled.

Condensed Courses

Certification courses will be offered in a condensed format. Condensed courses will be offered remotely for Fall term, but we expect to return to campus for Winter term. Each term will consist of ten weeks of classes and exams, followed by a student teaching block. Student teaching will require intensive at home preparation during the evenings. It is important to be able to make a full commitment to courses and student teaching in order to get the most benefit from your final year.

Attendance Policy

The Bachelor of Education Program leads to a professional degree. Students are expected to attend, be punctual and participate in all classes. These expectations acknowledge their importance for the teaching and learning process and the professional responsibilities of teachers. Students are encouraged to volunteer and participate in extra-curricular activities in their host schools. **However, students must ensure that no conflict occurs between the school activity and their attendance in class. Students are not to miss University classes for school activities.**

Academic Advising

Advisors in the Faculty of Education Office are very busy between April and August with admissions and new student orientations. We typically receive a high volume of both phone calls and emails during this time, and cannot respond to all inquiries immediately. Please expect to wait at least a few days for a response. Please read your materials carefully before calling, as you may find the answers that you need. Email and voice mail should be used for quick questions only. If your questions or concerns are complex, please make an appointment. Appointments can be arranged by emailing education@uwinnipeg.ca

Certification Orientation

Students must attend a “Certification Orientation” which will be held on Tuesday, August 31, from 9:00 am to 12:00 pm. The orientation will be offered in Webinar format. At this meeting, you will be informed about student teaching practicum experiences and expectations for the coming year. You will also meet your Faculty Supervisor, who will observe, mentor and evaluate your progress throughout your practicum.

Contact to Contract”

The University of Winnipeg offers a series of career exploration seminars and workshops for certification students. These sessions will cover a variety of topics, such as writing effective resumes and cover letters, developing professional portfolios, preparing for job interviews, and making contacts in the field of education.

Each year, representatives from various school divisions conduct preliminary job interviews with graduating students. These job interviews typically take place during Reading Week (approximately mid February). If you would like to participate in these interviews in Year 5, you must be available during this time. Interviews cannot be arranged at alternate times. If you are planning a vacation, there are no classes or practicum during school spring break, which typically takes place in late March. Please visit the Faculty of Education Office in September for more information, or visit our web page at <http://www.uwinnipeg.ca/edpd/>

Frequently Asked Questions

Why are some courses reserved for other students?

Each year, there are approximately 650 students in Certification Years. We must distribute enrollments so that all students have equal access to the courses that they need. Each stream has specific required C, I & A courses, and all other courses must be scheduled around them. There are limited time slots available for other courses. We therefore reserve courses that work with particular C, I & A combinations. We must restrict course selection so that everyone has a chance to fulfill their particular degree requirements.

I can't take courses at certain times of the day

Certification Year is a full time, professional portion of the B.Ed. program. Students must be available to take classes from 8:30 a.m. to 6:20 p.m. on any day of the week. All other activities must be scheduled around your courses and student teaching commitments. The courses and practical experience in Certification Years form the foundation for your future career, and should be given high priority so that you can be successful. If you are unable to devote adequate time to your studies, you should consider deferring certification year.

Can I take a different section if there is still space available?

Students have varied reasons for wanting to take courses at particular times of the day. However, we cannot accommodate individual scheduling preferences. Most students make the effort to be available for their assigned courses — this often means adjusting work hours, making child care or travel arrangements, and foregoing volunteer or extra-curricular activities. It would be unfair to these students if we allow others to make scheduling changes. In order to ensure that all students are treated fairly and consistently, **no course or section changes are allowed, even when there is space available.**

Why can't students register over capacity?

Class size is determined by a number of factors, including pedagogical reasons, professors' workloads, room capacity, etc. The maximum capacity for each class has been carefully determined, and is non-negotiable.

Is a larger classroom available?

The Faculty of Education has designated classrooms assigned for its use. Typically, all of our classrooms are in use from 8:30 a.m. to 6:30 p.m. daily. No other classrooms are available.

Can the professor give me permission?

There are many separate streams and programs within the Faculty of Education, each with different degree requirements. Because of this complexity, authority for giving permission to register over capacity in courses has been centralized. Academic Advisors are able to see how particular courses fit with overall degree requirements, and are able to suggest appropriate alternatives if certain courses have filled. Typically, permission to register over capacity is granted only when two specific required courses conflict.

Who should I call if I have questions?

Before calling with questions, please check the Course Calendar, Timetable and this booklet for answers.
