Deadlines, Deadlines, Deadlines!

Student Newsletter

September 25, 2019

Here's Jessica!

Hello FBE students! I'm the Co-op Education Program Coordinator and an alumni of the Faculty of Business and Economics having graduated with a Bachelor of Business Administration in Marketing and Human Resources. In short, I help Co-op students by providing them with the tools necessary to connect with industry leaders, build their resumes, and hopefully land a paid job in their field while they're in school!

As an FBE alumni - believe me when I tell you - I've been in your shoes! I never thought I'd be working at the same university that I graduated from - but I enjoyed my time at UWinnipeg so much that I never left!

My career began as a Faculty Assistant, but I felt I had a lot to contribute to the existing Co-op Program at UWinnipeg. I put my in-class and hands-on learning skills to the test over the past seven years and I'm pleased to be an integral part of the UWinnipeg Co-op Program's successful growth. We now have 350+ global partners, including Ubisoft, Canada Life (formerly Great-West Life), the Government of Canada and RBC. These are only a few among the many industry partners that release jobs specifically designed for and open to Co-op students, and who participate in our Co-op events here on campus.

The very best part of my job is seeing UWinnipeg Co-op students ecstatic to secure meaningful careers in their field by the time they've graduated as a direct result of their Co-op work experience(s)!

The Co-op training modules cover competencies, resumes, interviews and many other topics, tools and skills that students need to succeed in the workplace. I also plan several networking, mock interview, and other events each term that connect students with industry. The Co-op Program provides students with skills for life-long career development and a greater possibility of gaining employment in their area of study.

One unique aspect of the program is the one-day Student Conference for Co-op Students, called IGNITE. At IGNITE, there are workshops, employer panels and of course, coffee!

The Co-op Program is a lot of work, but it is worth it as you set yourself up for your career

It's not too late to apply - the Co-op Program has a few remaining spots open for students interested in joining for this academic year. The deadline is quickly approaching: to learn more and to apply, please click the button below.

The deadline to apply is **October 1, 2019**.

Co-op Program Application

Meeting Michelle Obama

"My name is Beverly Tran and I'm in my final year pursuing a degree in Business Administration at The University of Winnipeg. I'm currently the president of the Business Administration Students' Association. Part of my role is to ensure that students receive an enhanced university experience that will help them achieve long-term success in their career aspirations and become leaders in their communities. After I graduate, I want to follow my parents' footsteps and start my own business.

The programs at The University of Winnipeg has given me the skills, knowledge, and experience to be able to do that. I want to say thank you to the Faculty of Business and Economics for nominating me for the amazing opportunity to meet Michelle Obama. I am so thankful to be attending a school that invests in their students.

Being able to meet and speak with Michelle Obama is truly an honour and a privilege. She inspires me to push myself to thrive. Her story has taught me to never fear, to empower myself with a good education and to use the power of

ABOUT : Our Student Groups

We have five active student groups at UWinnipeg FBE. Each week for the next couple of months, we will feature a new student group and tell you a little about them, and why you should consider getting involved.

BASA

Whether it be through social events, connecting you to future employers, or through professional development workshops, The Business Administration Students' Association (BASA) aims to provide opportunities and events that will enhance the University experience for FBE students.

BASA acknowledges the overwhelming stresses of worrying about careers post-graduation, so by helping students develop crucial networking skills among other business essentials, a strong foundation for long term opportunity and success is created. *(Information taken from BASA website).*

Check out the button below and discover the numerous events and opportunities that UWBASA offers!

my platform to make a difference. I want to make a positive impact in my community and Michelle Obama, being a passionate, driven, and educated woman makes me believe that I can do that." -Beverly Tran
