 - (2) the development of skills and attitudes essential for scholarly study and scientific investigation and for the effective sharing of the results of these activities with fellow scholars and with the community at large;

- 2.02 The Parties agree to cooperate in encouraging, at the University, a climate of freedom, responsibility and mutual respect in the pursuit of the goals described in Clause 2.01.
- 2.03 The objectives of this Agreement are to promote harmonious relations between the Parties in order to achieve the above purposes and to facilitate the peaceful settlement of all disputes, misunderstandings and grievances.

ARTICLE 3: RECOGNITION

The Employer, pursuant to the certification of the Manitoba Labour Board, recognizes the Association as the exclusive bargaining agent for all Members within the bargaining unit as described in the Manitoba Labour Board Certificate No. MLB-6362.

ARTICLE 4: LABOUR MANAGEMENT COMMITTEE (LMC)

4.01 Recognizing the mutual benefits to be derived from joint consultation, the Parties agree to maintain a Labour Management Committee (LMC).

4.02 Jurisdiction

The LMC shall only review matters of concern arising from the application of this Agreement, excluding any dispute which is at that time being resolved under the grievance and arbitration procedures set out in Article 32. It shall not have the power to add to or modify in any way the terms of this Agreement, but shall function in an advisory capacity to the Association and/or the Employer with the general aim of ensuring that this Agreement is administered in a spirit of co-operation and mutual respect. The LMC shall, further, direct itself to the fulfillment of any tasks explicitly assigned by this Agreement to the LMC, or to joint Employer-Association committees, required to bring into effect and implement the provisions of this Agreement.

4.03 The LMC shall be comprised of three (3) representatives of the Association and three (3) representatives of the Employer including two (2) representatives from Senior Administration and one (1) representative from Human Resources. A quorum shall be four (4) members, provided that two (2) representatives of each Party are present.

4.04 The LMC shall determine its own procedures, subject to the following provisions:

(1) The LMC shall be chaired jointly by a representative of the Association and a representative of the Employer, who shall together be responsible for preparing and distributing the agenda for meetings, and shall alternate in presiding over meetings.

The membership and procedures of subcommittees shall be determined by the LMC, subject to the condition that at least two (2) members of each subcommittee, one (1) from the Association and one (1) from the Employer, shall be members of the subcommittee, and that the chair of a subcommittee shall be chosen from among the members of the LMC serving on the subcommittee.

4.06 Nothing here precludes the Presidents of the Association and the University, or their designates, from meeting to discuss matters of mutual interest, at the request of either Party.

- 4.07 Minutes of all meetings shall be provided to committee members, the President of the Association, the Vice-President (Academic) and the Vice-President (Human Resources).

- 6.02 In the event of an amalgamation, consolidation or merger of the University or any of its constituent units or subunits with another educational institution, the Employer shall ensure that benefits granted to Members by this Agreement are maintained.

ARTICLE 7: ACADEMIC FREEDOM

- 7.01 The search for knowledge and its free exposition are fundamental characteristics of the continuing self-examination necessary to maintain a dynamic, free and vital society. In this context, Members shall not be hindered in the exercise of academic rights and shall be entitled to academic freedom. Academic freedom includes the right, without restriction by prescribed doctrine, to learn; freedom to teach and discuss; freedom to carry out research and disseminate and publish the results thereof; freedom to produce and perform creative works; freedom to engage in service to the institution and the community; freedom to express one's opinion about the institution, its administration, or the system in which one works; freedom from censorship by either Party.
- 7.02 Academic freedom does not require neutrality. Rather, academic freedom makes commitment possible and may result in strong statements of beliefs and positions. The credibility and acceptability of the principle of academic freedom depends in part upon the freedom being used in a manner consistent with the scholarly obligation to base research and teaching on an honest search for knowledge. Academic freedom implies a respect for the rights of others, a tolerance of other points of view and a duty to use that freedom in a responsible manner.
- 7.03 The Parties agree to uphold and to protect the principles of academic freedom and not to infringe unlawfully or unreasonably upon nor to abridge the academic freedom of any Member. Academic freedom does not confer legal immunity, nor does it diminish in any way the obligation of Members to meet their responsibilities and to conduct themselves in a manner consistent with this Agreement as a whole. A Member who is found to be

acting reasonably and lawfully and in accordance with this Article on academic freedom, shall not be subject to any disciplinary action as defined in Article 31 in response to that conduct.

ARTICLE 8: NON-DISCRIMINATION AND FREEDOM FROM HARASSMENT

Non-Discrimination and Freedom from Harassment

- 8.01 Except where otherwise provided for by this Agreement, the Parties agree that there shall be no discrimination, harassment, interference, restriction or coercion exercised with respect to any employee in regard to any matter including but not limited to salaries, rank, appointment, promotion, tenure, permanency, reappointment, dismissal, leaves, employee benefits, or any other terms and conditions of employment except for such distinction, exclusion, limitation or protection as may meet the criteria of a bona fide occupational requirement under law.
- 8.02 The Parties to this Agreement have a duty not to harass or discriminate, as defined, in legislation and in the University of Winnipeg Respectful Learning and Working Environment Policy, and shall not behave in a manner that produces, contributes to or perpetuates a learning or working environment that tolerates harassment or discrimination.
- 8.03. The Parties to this Agreement declare that they do not condone harassment or discrimination as defined in the University of Winnipeg Respectful Learning and Working Environment Policy. Allegations of harassment or discrimination will be dealt with in accordance with procedures established by the Employer in the University of Winnipeg Respectful Learning and Working Environment Policy.
- 8.04 The protection from discrimination and harassment includes the protection from retaliation on any grounds identified in the policy for a Member having taken action under the policy either as a complainant or grievor, or for assisting a complainant or grievor in taking action under the policy, or for acting as a witness or advocate on behalf of an employee in a legal or other proceeding to obtain a remedy for a breach of non-discrimination.

ARTICLE 9: EXISTING PRACTICES

- 9.01 With respect to matters not covered by this Agreement, the Employer shall not diminish or impair, during the term of this Agreement, any benefit or privilege respecting terms or conditions of employment provided by official University bodies' by-laws or policies as of the effective date of this Agreement.
- 9.02 Subject to conditions hereinafter set forth, the Employer agrees that, during the term of this Agreement, it shall not establish new by-laws or policies which effect a general change in terms and conditions of employment, without the agreement of the Association.
- 9.02.1 Notwithstanding the foregoing, where the Employer proposes to establish a new by-law or policy or change an existing by-law or policy to comply with the law, which does not effect a general change in terms and conditions of Members' employment, but which has disciplinary consequences for Members or which affects the rights, duties and responsibilities of Members as set forth in this Agreement, the Employer shall consult the

Association.

- 9.02.2 The consultation referred to in section 9.02.1 requires the Employer to notify the Association within a reasonable period of time if it plans to establish or change a policy or by-law. The Employer shall forward to the Association a draft of the proposed by-law or policy and give the Association one (1) month or twenty (20) Working Days, whichever is longer, from the date of its receipt of the proposal to provide the Employer with the Association's comments in writing. The time period may be extended with the mutual agreement of the Employer and the Association. The Parties shall meet at their mutual convenience to discuss the draft and the Association's comments before finalizing the policy or by-law.
- 9.03 Where a Member seeks to rely on any general existing practice or policy pursuant to Clause 9.01 as a term or condition of employment, the onus shall be on that Member to establish the existence of such practice or policy as being reasonable, certain and known.
- 9.04 The Employer acknowledges the importance of maintaining a climate in which the academic functions of Members can be effectively carried out, and will provide an appropriate level of facilities and services. ARTICLE 19: WORKLOAD

- 19.01 (1) The Parties, having recognized that the purposes and objectives of the University are as set forth in Clause 2.01, further affirm that, in pursuit of these goals and objectives within the mandate provided for by *The University of Winnipeg Act*, the Parties value and support the creation and dissemination of knowledge through the activities of faculty in research (encompassing scholarship and creative work) and teaching, and recognize that each of these two activities informs the other.
- (2) Also committed to the principle of institutional autonomy, the Parties value and support the engagement of all Members in self-governance, through service on the University's governing bodies, the Association, and through engagement in the planning and operational processes of the institution, Faculty and Department/Unit/Program.
- 19.02 The normal workload of a Faculty Member shall include in varying proportions those elements (teaching; research, scholarly/creative activities; service to the University) as described in Clause 19.01 above, and further set out in Clause 14.07. The normal workload for all other Members shall include in varying proportions those elements as set out in Clauses 14.08 - 14.15, as appropriate.
- 19.03 The workload shall be reasonable and fair.
- 19.04 Normal Teaching Load
- (1) The Faculty Dean shall determine the normal teaching load for the Faculty as a whole and for Members in each Department within the Faculty, following consultations with the Chairs. The normal teaching load shall be determined with due regard to both academic priorities (including but not limited to curricular and enrolment targets), and budgetary and other resource considerations. The teaching load assigned to Faculty Members in each Department shall be appropriate and reasonable for the discipline(s) concerned, with due

regard for past practice and the provisions of Clauses 19.01-19.03. The Faculty Deans shall jointly consult with the Vice-President (Academic) and ensure that the provisions of Clauses 19.01-19.03 are consistent across all Faculties.

- (2) The normal teaching load for Members is outlined in the Workload Policy appended to this Agreement.

19.05 Teaching in the Fall, Winter and Spring/Summer Terms

- (1) During the academic year, no Member shall be required to teach in more than two consecutive academic terms unless agreed upon by the Faculty Dean and the Member, or except as required for any of the following reasons:
 - a) to ensure a Member's workload requirements are met;
 - b) load reduction due to compassionate leave; or
 - c) course cancellation due to low enrollment or other reasons as stipulated by the Faculty Dean.
- (2) If a Member has taught his/her assigned course load in two consecutive academic terms, teaching in the next consecutive academic term shall be voluntary, with the exceptions as indicated in 19.05(1).
- (3) If a Faculty Member proposes to teach above load without receiving an overload stipend in order to arrange a teaching-reduced or teaching-free term for purposes of research and/or professional activity, and if the Faculty Member's Department agrees with such arrangements and recommends them to the Dean for approval, the Dean shall not unreasonably refuse such a recommendation. A Member may not teach an overload of more than 1.0 FCE in any given term. A Member must arrange to take the teaching-free term within the academic year following the required accumulation of non-remunerated overload teaching. Except in exceptional circumstances requiring the approval of the Dean, a Member granted a teaching-reduced or teaching-free term shall ensure his/her availability to fulfill all other aspects of his/her responsibilities under this Article.
- (4) All teaching off campus, in distance education programs or by telecourse shall not be part of a Member's regular teaching load without the Member's consent.

19.06 Reductions in a Member's Normal Teaching Load

- (1) Provisions for normal teaching load notwithstanding, the Parties agree that exceptional creative, research and teaching opportunities may occur in any given year for any given Member. In recognition of the need to promote and exploit such opportunities, the parties further agree that Members have the right to apply, with appropriate notice, to the Dean to vary their workload in any given year in order to allow them to accommodate increased activity occasioned by such opportunities in any one area of their responsibilities. The Dean, in consultation with the Chair, shall make every effort to accommodate such applications pursuant to Clauses 19.02 - 19.04 and shall communicate the associated details to the Chair and the Member for inclusion in the annual activity report.
- (2) A reduced teaching load may be occasioned by a variety of circumstances including, but not limited to:
 - a) the promotion of the research/creative goals of the University which would require a commitment or impose a schedule that could not be accommodated in the normal workload of a Member. The onus shall be on the Member to provide

evidence that the latter is the case;

- b) the promotion of excellence in teaching and the maintenance of a current curriculum through increased commitment to the creation and preparation of original teaching materials associated with the introduction of a new course or courses;
 - c) the promotion of excellence in teaching through the administration and supervision of graduate or undergraduate thesis students, or other similar supervision involving a substantial time commitment, as appropriate to the goals of the University;
- (3) A Member who has been granted a reduction in teaching load shall normally not teach courses over and above the number determined as provided for under this arrangement unless the curricular demands of the Department cannot be met within the existing Departmental complement, or cannot be met due to the non-availability of suitably qualified Contract Academic Staff. In the event that it is determined, in consultation with the Faculty Dean, that a Member must teach courses over and above the number prescribed above, the courses shall, in the first instance, be considered as banked courses against a future teaching-reduced or teaching-free term. In exceptional circumstances where it can be clearly demonstrated that the latter arrangement will cause intractable difficulties in meeting future Departmental curricular demands, the Faculty Dean may authorize the payment of an overload stipend not to exceed 1.0 FCE in any academic year.

19.07 Reductions in Teaching Load for Probationary Faculty

- (1) In consideration of the University's goal of promoting excellence in teaching and research, the parties acknowledge that probationary Faculty Members must dedicate additional time to course development, development of a research program, and the development of pedagogical technique. Accordingly:
- a) Faculty Members in the first year of any probationary appointment shall normally receive a 1.0 FCE (6 credit hour) reduction in the normal teaching load of a tenured Faculty Member as provided for in Clause 19.04.
 - b) Faculty Members in the second year of any probationary appointment may receive a 1.0 FCE (6 credit hour) reduction in the normal teaching load of a tenured Faculty Member on the recommendation of the Chair, and the Faculty Dean in consultation with the Vice-President (Academic).

19.08 Reductions in Teaching Load for Externally-Funded Research

- (1) A Member who is the principal investigator on a research grant funded by a national granting agency (such as SSHRC, NSERC, CIHR or CHSRF), or an internationally-funded research grant of similar or greater prestige, shall normally receive a 1 FCE reduction in teaching load.
- (2) A Member who is a co-investigator on a research grant (or grants) of the nature outlined in (1) shall normally receive a 0.5 FCE reduction in teaching load.
- (3) A Member who is a principal investigator on an externally-funded research grant other than those referred to in (1) and (2), such as a Centre of Excellence grant, shall normally

be eligible for a teaching load reduction of 0.5 to 1.0 FCE according to the significance of the research.

- (3) To facilitate scholarly and/or professional activity, Librarian Members shall be entitled to twelve (12) on or off-campus research days annually. These days may be taken in a single block or distributed over the year with the approval of the Dean of the Library, which approval shall not be unreasonably withheld. Librarian Members shall report the results of such research activity in the annual Activity Report.
- (4) Specific and general duties of Librarian Members shall be allocated and scheduled by the Dean of the Library in a fair, equitable and reasonable manner, taking into consideration:
 - a) the professional responsibilities and expertise of individual Librarian Members;
 - b) the terms of the Members' appointments;
 - c) the relation of Members' duties to their scholarly, professional and service activities, with particular consideration given to the goal, agreed to by both parties in 14.08, of fostering the development of members' professional careers;
 - d) the workload guidelines established in accordance with the Letter of Understanding for the Librarians Committee;
 - e) the operational needs of the Library; and
 - f) when possible, the preference of individual Members.
- (5) In scheduling a Librarian Member's duties, the Dean of the Library shall take into account that the normal hours of work for Librarian Members shall total thirty-five (35) hours per week during Library operating hours, and may include nights and weekends.

19.10 Workload of Other Members

- (1) The Registrar shall determine the normal workload for Counsellor Members after consultation with the Members.
- (2) The Director of Athletic Services in consultation with the Chair of Kinesiology and the Dean of Arts shall determine the normal workload for Coach and Athletic Therapist Members. The normal workload shall be appropriate and reasonable for the Department/ Unit concerned.
- (3) When a Librarian, Counsellor, Coach or Athletic Therapist undertakes teaching responsibilities as part of their workload, the appropriate academic administrator shall consult with the Vice-President (Academic) and ensure that the Member's workload is fair and equitable and consistent with the provisions of this Article.

At the conclusion or termination of such an appointment the academic administrator or Board member shall have the right to and may automatically resume membership in the bargaining unit with all the rights and privileges attendant thereto, as if he/she had retained continuous membership throughout the duration of such appointment. This right of re-entry shall not inhibit the Employer's rights to exercise discipline or termination for cause in accordance with Articles 30 or 31 of this Agreement.

Appointment as a Board Regent

- 21.02 (1) An individual excluded by virtue of serving on the Board of Regents, shall be treated as if he/she were a Member except as such treatment would interfere with the responsibilities attendant upon the appointment as a member of the Board. - 21.04 When an academic administrator enters or re-enters the bargaining unit, if there is not a vacancy in the area or areas within the Department or Faculty for which he/she is qualified, his/her entry or re-entry shall be considered an additional allocation for that Department or Faculty until such time as a vacancy occurs in that Department or Faculty in an area or areas for which he/she is qualified, at which time he/she shall fill such a vacancy. No Member shall be displaced from his/her position or have his/her rights, privileges or benefits reduced or be displaced from the bargaining unit by the entry or re-entry of an academic administrator into the bargaining unit.
- 21.05 When an academic administrator enters or re-enters the bargaining unit, his/her salary shall be based on the academic salary that he/she would have been entitled to, under the terms of this Agreement, had he/she remained a Member throughout the time period of his/her academic administrative appointment. 26.38 Treatment of Manitoba Public Insurance Wage Loss Replacement Benefits and Canada Pension Plan Disability Benefits

(1) Manitoba Public Insurance Wage Loss Replacement Benefits

Manitoba Public Insurance (MPI) provides wage loss replacement benefits for loss of wages resulting from motor vehicle accidents regardless of the existence of sick leave benefits provided by the Employer. Members shall not receive combined salary and MPI wage loss benefits in excess of one hundred percent (100%) of salary from the two (2) sources for the same absence from work. A Member who qualifies for wage loss replacement benefits from Manitoba Public Insurance shall either:

- (a) continue to receive his/her regular salary from the Employer, as if on sick leave, and have the wage loss replacement benefits reimbursed to the University and offset against the Member's salary so as to preserve the non-taxable nature of MPI benefits; or,
- (b) receive wage loss replacement benefits from MPI and the Employer will pay to the Member a top-up sick leave benefit equal to the difference between the Member's sick leave salary for the period of absence from work due to the injury and the MPI wage loss replacement benefits. For purposes of the Collective Agreement, the employee shall be considered as on sick leave for the duration of the entitlement to wage loss replacement benefits or until all sick leave entitlements have been used up, in which case the normal provisions of long term disability coverage shall apply. Normal pension and benefit contributions shall be continued based on the employee's regular salary while on sick leave.

(2) Canada Pension Plan Disability Benefits

The Canada Pension Plan (CPP) provides taxable disability benefits to CPP contributors who are unable to work due to a severe and prolonged disability regardless of the

existence of sick leave benefits provided by their employer. Members shall not receive combined salary and CPP disability benefits in excess of one hundred percent (100%) of salary from the two (2) sources for the same absence from work. A Member who qualifies for CPP disability benefits shall either:

- (a) continue to receive his/her salary from the Employer, as if on sick leave, and reimburse the Employer for the CPP disability benefits offset against the Member's salary; or
- (b) receive disability benefits from CPP, and the Employer will pay to the Member a top-up sick leave benefit equal to the difference between the Member's sick leave salary for the period of absence from work due to the illness or injury and the CPP disability benefits.

For purposes of the Agreement, the Member shall be considered on sick leave for the duration of the entitlement, which can be comprised of CPP disability benefits or sick leave entitlements or a combination of the two up to a maximum of one hundred eighty (180) calendar days, after which the provisions of the Long Term Disability Plan shall apply. Pension contributions and benefit premiums shall be continued based on the Member's regular base salary while on sick leave.

ARTICLE 27: REDUCED APPOINTMENT FOR FULL-TIME MEMBERS

27.01

Reduced appointments provide Members with more flexible employment arrangements. A reduced appointment shall be defined as an appointment in which a Member on a voluntary basis carries a workload which is reduced by a mutually agreed factor and for a mutually agreed period of time.

27.02

Normally, the maximum reduction in workload from full-time status shall be fifty percent (50%), and the maximum duration of the reduced appointment, unless permanent, shall be five (5) years.

27.03

A Member with a tenured or continuing appointment shall be eligible to apply to the Dean/Administrator for a reduced appointment. A written application shall be submitted at least six (6) months prior to the requested commencement date of the reduced appointment with a copy to the Association. Normally, a decision on the granting of a reduced appointment shall be made at least four (4) months prior to the commencement of the reduced appointment.

27.04

A written application for a reduced appointment shall be submitted by the Member to the Chair/Director, or to the Dean/Administrator.

The Chair/Director shall forward the application and recommendations to the Dean/Administrator. The Dean/Administrator shall forward the application and

recommendations to the Vice-President (Academic).

The Vice-President (Academic) shall forward his/her recommendation as well as all other recommendations to the President. The recommendations forwarded to the President shall specify the amount by which the appointment is to be reduced, the duties to be performed by the Member while on reduced appointment, and the duration of the reduced appointment.

- 27.05 A reduced appointment shall be made, upon the recommendations pursuant to Clause 27.04, by the President. The President shall inform the Member of the reduced appointment by letter, specifying in the letter the amount by which the appointment is to be reduced, the duties to be performed by the Member while on reduced appointment, and the duration of the reduced appointment.
- 27.06 A Member whose application for a reduced appointment is approved shall continue to be a Member of the bargaining unit and shall be covered by the Agreement unless excluded by the certificate.
- 27.07 A Member whose application for a reduced appointment is approved shall have a base salary rate computed as if the Member were continuing on full-time status. All relevant salary adjustments shall be applied to the base salary rate. The actual salary to be paid to the Member shall be pro-rated from the base salary rate in direct relation to the approved reduction in the workload for the reduced appointment. Should the Member return to full-time status, the base salary rate will be reduced by the sum of all CDIs applied to the base salary rate during the period of the reduced appointment multiplied by the percentage by which the workload has been reduced while on reduced appointment.
- 27.08 A Member on a reduced appointment shall continue to participate in the benefit plans. The Member's and the Employer's contributions and the Member's coverage shall be based on the base salary rate of the Member, except as provided in Clause 27.09. For pension purposes, a Member on reduced appointment shall receive credited service in accordance with the terms of the University of Winnipeg Trusteed Pension Plan.
- 27.09 Sick leave benefits, insurance premiums and coverage under the Group Long Term Disability plan shall be based on the Member's actual salary.
- 27.10 For the purpose of research/study leave, a Member who is on reduced appointment, or who has been on reduced appointment during the eligibility period pursuant to Clause 26.02, shall be entitled to a research/study leave with salary calculated in accordance with the provisions of Clause 26.06.
- 27.11 A Member on a reduced appointment shall continue his/her appointment status and shall be eligible for promotion and other benefits in this Agreement. For the purposes of any assessment of performance, including those for salary increments, merit awards, and promotion, a Member on a reduced appointment shall be assessed solely on the basis of his/her actual workload. For the purpose of meeting the conditions set out in Article 24, the years of service required shall be increased in inverse proportion to the actual workload. Vacation entitlement shall be pursuant to Clause 26.40. Other benefits shall be calculated on a pro-rated basis.
- 27.12 A Member whose application for a reduced appointment is approved shall receive a letter of reduced appointment from the President which shall state:

- (1) the Member's current base salary rate;
- (2) the Member's initial actual salary on the effective date of the reduced appointment;
- (3) the effective commencement date of the reduced appointment;
- (4) the duration of the reduced appointment;
- (5) percentage of workload;
- (6) the workload responsibilities of the Member;
- (7) any other terms and conditions related to the appointment.

At the same time, a copy of the letter of reduced appointment pursuant to this Clause shall be forwarded to the Association.

27.13 No reduced appointment shall take effect until and unless the Member indicates in writing to the President his/her acceptance of the reduced appointment and all of its terms and conditions as specified in the letter of reduced appointment. Within ten (10) Working Days of receipt of the letter of reduced appointment from the President, the Member shall inform the President and the Association in writing of his/her decision to accept or reject the reduced appointment.

- 33.02 Program redundancy may be declared only for bona fide academic reasons as recommended by Senate which may recommend that the program be eliminated or reduced. Senate will consider proposals, and may recommend redundancy, only after each Department/Program potentially affected has had reasonable opportunity to comment upon the proposed redundancy. Where low student enrollment is argued as a bona fide academic reason, it must be demonstrable that a major decline has occurred which has produced a condition of low enrollments for at least three (3) years, and reasonable projections into the future must indicate that the low level of enrollment will continue.
- 33.03 The Board may proceed with a declaration of a program redundancy only on the recommendation of Senate. A program is defined as a course of study previously approved by Senate and leading to a degree. The onus of proof shall be on the Board to establish that a bona fide state of program redundancy exists pursuant to Clause 33.02.

- 33.07 Within forty (40) Working Days of its first meeting, the Redundancy Committee shall submit a written report to the Board (with a copy to the Association).
- 33.08 It shall be the responsibility of the Redundancy Committee to consider whether methods of alleviating the bona fide program redundancy, other than voluntary separation or layoff pursuant to Clause 33.09, exist and it shall make recommendations to the Board if it considers such methods are available, (including but not limited to re-training under the provisions of Clause 26.29, research/study leaves, voluntary retirement and reduced load). It shall be the responsibility of the Redundancy Committee, in consultation with the appropriate Dean(s) and the Department(s)/Program(s) involved, to determine which Member(s) are affected by the redundancy; and, in consultation with the Dean(s)/

Vice-President(s) to recommend how these Member(s) shall be affected by the redundancy by providing a list of administrative and academic areas to which each Member could be transferred with or without retraining, considering his/her academic and professional qualifications.

33.09 The Board shall offer each Member in the redundant program the following options:

- (1) voluntary retirement if the Member is age fifty-five (55) or more;
- (2) where a vacancy exists, transfer to another Department/Unit for which the Member is academically qualified or could become qualified with two (2) years retraining;

- (6) any other alternative which may be implemented in the future with the mutual consent of the Parties.

Any of the above options shall be implemented in accordance with the terms of this Article. All proposed transfers to another Department/Unit must have the approval of the Redundancy Committee.

33.10 A Member who accepts a transfer to another Department/Program shall retain his/her rank as well as all rights, privileges or benefits relating to employment which the Member had prior to the declaration of program redundancy. If such a transfer requires retraining, the Member shall be granted leave to a maximum of two (2) years at one hundred percent (100%) salary plus benefits. The Board shall pay any tuition fees and reasonable moving/travel expenses connected with retraining.

33.11 A Member who accepts a transfer to an administrative position in accordance with Clause 33.09(3) ceases to be a Member of the bargaining unit on the date that the transfer becomes effective. For a period of five (5) years from the date of his/her appointment to the administrative position, the Member shall have the right of first refusal of any academic vacancy within the University for which he/she is academically competent and which has not been filled under Clause 33.13.

33.12 Pursuant to Clause 33.09, a Member who has been offered transfer(s) but does not wish to accept the offer(s) shall be laid-off. If there is a grievance associated with the offer(s) of transfer, the grievance shall be initiated within twenty (20) Working Days of the offer(s).

In no case shall the number of months' salary paid under this Clause exceed the time remaining until the Member's normal retirement age, pursuant to the University's Pension Plan.

- (2) A laid-off Member shall have the right of all academic vacancies within the University, for which he/she has academic competence as judged by the Dean/Vice-President in consultation with the Department/Program in which the vacancy occurs, for a period of three (3) years for a Member on a probationary appointment and five (5) years for a tenured or continuing Member from the effective date of lay-off/separation. A Member who accepts such a position shall return to the University at the rank the Member held when he/she was laid-off/separated, with full recognition for years of service at the University.

A Member who is recalled pursuant to this Article shall have up to one (1) month to accept such recall offer and shall take up the offered position as soon as he/she is able to do so but in no instance later than January 1st of the following year (when recall notice is given between January 1st and June 30th in any year) or no later than July 1st of the following year (when recall notice is given between July 1st and December 31 in any year). - (3) A laid-off Member with rights to recall shall have access to the Library, and if available, access to office space, laboratory space, computer services and secretarial services subject to the agreement of the Dean/Vice-President, as appropriate, until suitable alternative employment is secured or for three (3) years in the case of a Member on probationary appointment or for five (5) years in the case of a tenured or continuing Member if suitable alternative employment has not been secured.

33.14 A Member who has been laid off and who has been recalled, shall repay within eighteen (18) months of recall any portion of the compensation specified in Clause 33.13 which exceeds what the salary would have been had the Member continued to occupy his/her former position.

33.15 The President may recommend to the Board that non-academic priorities of the University be changed. If the Board accepts this recommendation, and if it will affect the employment of a Member, this shall not constitute a program redundancy as defined in Clause 33.02 and 33.03. The Member(s) whose employment shall be affected by this Clause shall have the options identified in Clause 33.09(1) - (6).

33.16 The transfer of Members pursuant to Clause 33.15 shall be subject to the provisions of Clause 33.10 and 33.11.

- 33.21 Lay-off shall not be treated, described, or recorded as dismissal for cause.

ARTICLE 34: FINANCIAL EXIGENCY

34.01 Financial Exigency

The term financial exigency denotes a condition when substantial and recurring financial deficits have occurred or, on the basis of generally accepted accounting principles, are projected for at least two (2) years, and which affect the total University budget and which place the solvency of the University as a whole in serious jeopardy.

- 34.02 In the event that the Board considers that a financial exigency exists, within the meaning of Clause 34.01, it may give notice of such belief. As of the date of such notice the procedures specified in this Article shall apply, and no new appointments may be made in the academic, administrative or support staff complements, except those which are required to perform those functions essential to the ongoing operation of the University or those deriving from unanticipated designated revenue. 'New appointment' in this context does not include the conversion of a probationary appointment to an appointment without term or the renewal of term appointment.

- 34.03 Within five (5) Working Days of giving notice of its belief that a financial exigency exists, the Board shall forward to the Association all financial documentation relevant to the alleged state of financial exigency, and shall make a copy available in the Financial Services Office during normal business hours for the use of Members. The Association shall have the right to receive from the Board any additional information that it deems relevant to the financial exigency.

- 34.04 Within fifteen (15) Working Days of the notice specified in Clause 34.02, the Parties shall establish a Financial Commission which will consider the declaration of a financial exigency and either:

- (1) confirm it (under whatever conditions it chooses to impose); or
- (2) reject it.

- 34.05 (1) The Financial Commission shall have three (3) members. Each Party shall inform the other of the name and address of its appointee to the Commission. Within twenty (20) Working Days of the notice specified in Clause 34.02, the nominees shall confer and

name a chair. Failure of the nominees to agree on a chair within the twenty (20) Working Day time period shall result in appointment of a chair by the Minister of Labour. No person shall be appointed to the Commission whose official position may include responsibility for the University's finances, at any level, or who are members of the University administration, members of the Board, Members of the bargaining unit, members of the Council on Post-Secondary Education, members of the non-judicial Manitoba Civil Service, and members of the Manitoba Legislature.

(2) The cost of the Financial Commission shall be borne by the Board.

34.06 The Parties agree that the Financial Commission shall have jurisdiction to order production of all documents that it deems relevant. Such documents are to be confidential to the Commission and will not be copied or shared without the express written approval of the Board. The requirements of *FIPPA* and *PHIA* shall be respected. The Financial Commission shall begin its deliberations within twenty (20) Working Days of the date of selection of the appointees. The Financial Commission shall establish its own procedures.

34.07 The task of the Financial Commission shall be to determine whether there is a bona fide financial exigency and the dollar amount of the exigency. The quantum found by the Commission shall be binding on the Board.

34.08 The Financial Commission shall consider all submissions on the University's financial condition. *Inter alia*, it shall consider:

- (1) whether the lay-off of Members is a reasonable type of cost-saving, in view of the University's academic goals and financial options;
- (2) whether all reasonable means of achieving cost-saving in all areas of the University budget have been explored and implemented, short of the lay-off of Members;
- (3) whether all reasonable means of improving the University's revenue position (e.g. borrowing, deficit financing, the sale of real property not essential to the academic function) have been explored and implemented;
- (4) whether assured further assistance from the provincial government is available and, if so, has been taken into account;
- (4) whether any proposed reduction in the academic staff complement is consistent with enrollment projections;
- (5) whether all means of reducing the academic staff complement, such as early retirement, voluntary resignation, voluntary transfer to reduced time status and redeployment, etc., have been explored and implemented; and
- (6) whatever other matters it considers relevant.

The Financial Commission is required to inquire into and answer each of (1) through (5) above, as well as any other specific questions developed under (6) above. The Commission may consult, in the strictest of confidence, with any person or group of persons from inside or outside the University, and may consult with any University Department/Program.

34.09 The Financial Commission will be expected to hand down its Report within forty (40) Working Days of the beginning of its hearing. If the Commission finds that a state of financial exigency does not exist, no lay-off of Members shall take place.

If the Commission finds that a state of financial exigency does not exist, its Report shall specify the reasons for its finding and shall suggest additional and/or alternate ways in which the Board may resolve the financial difficulties.

If the Commission finds that a financial exigency does exist, its Report shall recommend the amount of reduction required, if any, in the budgetary allocations to salary and benefits for Members (and the number of Members that may be laid-off in order to effect such a reduction). Any recommended reduction in the budgetary allocations for Members' salaries and benefits may be accompanied by recommendations about further exploration of alternative cost-saving measures by the Board. A copy of the Report shall be sent simultaneously to the Board and the Association.

Within five (5) Working Days of receipt of the Report of the Financial Commission, the Parties shall meet and confer with respect to its implications.

34.10 The Board shall consider the recommendations of the Commission and shall decide the manner in which it will act to alleviate the financial exigency. If the Board decides that it is necessary to lay-off Members it shall, in concert with significant cuts in other parts of the University budget, ask the Senate to set the academic priorities within which faculty reductions are to take place pursuant to Clauses 34.12 and 34.13. The decision of the Board shall be taken and written notice sent to the Association and Senate within ten (10) Working Days of receipt of the Financial Commission's Report. The written notice shall include how many Members are to be laid-off, but in no event will the number of Members to be laid-off exceed the number specified by the Commission. Senate shall provide the Board with its recommendations within fifteen (15) Working Days of receipt of the Board's notice. The Board shall be bound by the academic priorities set by Senate (but shall not be required to implement the recommendations) and may take appropriate steps to alleviate the emergency to the quantum found by the Commission.

34.11 Lay-off

If a state of financial exigency has been declared and confirmed pursuant to the procedure in this Article, and efforts to alleviate the financial crisis by effecting economies throughout the University and actions towards generating additional revenue have been undertaken, Members may be laid off.

34.12 (1) Preliminary discussions that designate the areas of the contraction of academic position in the bargaining unit shall take place in an Exigency Review Committee (ERC), which shall be established within five (5) Working Days of the receipt of Senate's recommendations and consist of the following members only: the Vice-President (Academic), the Deans, the Chairs/Directors of Departments/Programs in that Faculty, and the Dean of the Library. The Vice-President (Academic) shall serve as Chair.

(2) The Vice-President (Academic) shall present to the Exigency Review Committee the Board's decision and the Report of the Financial Commission. The ERC shall recommend the Department(s)/Program(s) in which the necessary contraction of positions can be made with the least damage to the academic program. The ERC shall forward its recommendation to the Senate, within forty (40) Working Days of its establishment. The Dean/ Director may forward their own recommendations to

Senate. The ERC shall remain in existence, and retain its jurisdiction to recommend position contractions for as long as the financial exigency exists. The Committee shall be disbanded when the Board declares that the period of financial exigency has ended.

- (3) Within ten (10) Working Days of receipt of the report of the ERC, the Senate shall consider the recommendations of the Dean/Director(s), and the Exigency Review Committee, and shall designate the Department(s)/Program(s) in which the contraction of positions shall occur.
- 34.13 Within Departments/Programs which have been identified, pursuant to the procedures outlined in this Article, the criteria for the lay-off of Members shall be, in order of priority, firstly, the academic needs and priorities of the University as determined by Senate, pursuant to Clauses 34.10 and 34.12(3) and second, seniority within the bargaining unit.
- 34.14 For each Department/Program affected by the lay-off decision a Staff Lay-off Committee shall be established within ten (10) Working Days of the Senate designation identified in Clause 34.12(3). The Staff Lay-off Committee will be composed as follows:
- (1) For lay-offs in Departments/Program in any of Faculties:
 - (a) The Dean of the affected Faculty, or his/her designate, as chair.
 - (b) The Chair/Director of the Department/Program.
 - (c) One (1) representative for every three (3) members of the Department/Program or fraction thereof, to a maximum of three (3), and an equal number of alternates, elected by the Department by secret ballot. These elected representatives may be Members of the Department or Members of another Department.
 - (d) Two (2) representatives from other Departments/Program named by the appropriate Dean.
 - (e) Two (2) representatives from other Departments/Program named by the Department/Program concerned, elected by secret ballot.
 - (2) For Academic Units:
 - (a) The appropriate Vice-President, or his/her designate, as chair.
 - (b) The Dean of the Library, or the Director of Recreation and Athletic Services, as appropriate.
 - (c) One (1) representative for every three (3) Librarian Members, or every three (3) Counsellor Members, or every three (3) Coach Members, as appropriate, to a maximum of three (3) and an equal number of alternates, elected by the professional Unit by secret ballot. These elected representatives may be Members of the professional Unit or Members of another Unit.
 - (d) Two (2) representatives from other Departments/Programs named by the appropriate Vice-President.
 - (e) Two (2) representatives from other Departments/Programs named by the

Unit concerned, elected by secret ballot.

- (3) For purposes of this Article only, Head shall be defined as the Chair of a Department in any Faculty or Director of a Program/ Dean of the Library, as appropriate.
- (4) The Staff Lay-off Committee shall require the Head of the Department/Program in question to recommend according to the criteria in Clause 34.13, the Member(s) of the Department/Program to be laid-off. The Head shall make his/her recommendation, in writing, to the Committee and the individual(s) recommended for lay-off. If any member of the Committee is recommended by the Head to be laid-off, he/she shall withdraw from the Committee and be replaced by an alternate.
- (5) A Member recommended for lay-off shall have the right to appear before the Committee on adequate notice, the right to receive full information including written notice of the reasons for selection, and the right to make presentation to the Committee, with the option of representation. The Committee shall keep minutes of its proceedings which will be confidential in nature, and it shall meet *in camera*.

34.15 After considering the report of the Head of the Department/Program and any presentations from affected Members, the Staff Lay-off Committee shall make its own recommendations as to lay-offs. The Committee must keep in mind the criteria indicated in Clause 34.13. The Committee's recommendations, and its reasons for them, shall be reported, in writing, to the President, within twenty (20) Working Days of its establishment.

34.16 The President shall write to each Member designated for lay-off pursuant to Clause 34.13 indicating the intention to recommend to the Board that the Member be laid off, the criteria used, and stating that the lay-off is for reason of financial exigency pursuant to this Article. The President's letter shall be delivered to the Member by registered mail with receipted delivery. A copy shall be sent to the Association.

34.17 The President shall give, by registered mail or internally receipted mail to the Member, with a copy to the Association written notice of lay-off:

- (1) for Members on probationary appointments or on tenured or continuing appointments, not less than ten (10) months prior to the effective day of lay-off.
- (2) for all other Members, not less than four (4) months prior to the effective day of lay-off.

34.18 A Member so selected and notified for lay-off pursuant to this Article shall have recourse to the grievance and arbitration procedures pursuant to Article 32, and may grieve his/her selection on the grounds of bias or procedural error, as well as on the grounds that the criteria for lay-off have been applied in a manner that is discriminatory or is in bad faith.

34.19 Prior to implementing any lay-off pursuant to this Article, the Board shall offer to the Member concerned any available alternate position elsewhere in the University subject to the provisions of any applicable collective agreement or University policy. If the position is in the bargaining unit, the Member shall retain all rights, privileges and benefits specified in this Agreement not inconsistent with the taking up of the new position.

34.20 A laid-off Member shall receive written notice of all vacancies in academic and

administrative positions in the University, such notice to be mailed to the Member's last known address. A laid-off Member may apply for any vacant position.

- 34.21 A laid-off Member shall have the right of first refusal for four (4) years following the date of lay-off for:
- (1) any vacancy in his/her discipline unless the Board can demonstrate to a senior academic in the discipline named by the chair of the Manitoba Labour Board that the position is so specialized that it cannot be filled by the candidate.
 - (2) any other academic or administrative vacancy in the University for which he/she is, or can reasonably become, qualified subject to the provisions of any applicable collective agreement or University policy.
- 34.22 Except pursuant to Clause 34.02, the Board shall not create any new administrative positions as long as any laid-off Member is eligible for recall under this Article. Moreover, while the Board is entitled to fill existing administrative vacancies, it may do so only after it has been established that those Members with recall rights do not have the necessary qualifications or cannot reasonably be retrained for the administrative positions. The Board has the responsibility to demonstrate that the Member is not and cannot reasonably become qualified.
- 34.23 The order of right to be recalled shall be the reverse of the order of lay-off, pursuant to Clause 34.13. Among those laid-off at the same time, the order of selection shall be pursuant to Clause 34.13.
- 34.24 A laid-off Member shall have one (1) month in which to accept an offer of re-employment and shall have up to six (6) months or to the end of the next academic session, whichever is sooner, to terminate other employment in order to take up such a position.
- 34.25 For individuals who have been laid off, recall status specified in this Article shall terminate:
- (1) upon retirement to pension; or,
 - (2) when the laid-off Member indicates, in writing, to the University that he/she no longer wishes to be considered for recall; or,
 - (3) when the laid-off Member has been offered and has refused, a position in his/her Department/Program.
- 34.26 A laid-off Member with recall status who is offered, and who accepts, a position other than the one for which he/she has the right of first refusal under Clause 34.21, retains this right of first refusal subject to the terms of this Article.
- 34.27 A laid-off Member with recall status shall enjoy full access to the University Library free of charge and, if available, to office space, laboratory space, computer services and secretarial services. Access to University facilities other than as already specified shall be at the discretion of the Board. Requests for access shall not be unreasonably withheld. These rights shall terminate at the termination of the laid-off Member's recall period.
- 34.28 A laid-off Member shall retain seniority, tenure or continuing appointment and academic rank rights while laid off and after accepting re-appointment at the University. The salary of a Member who has been recalled to a bargaining unit position in his/her discipline shall

consist of his/her salary at the time of lay-off and all standard scale increases to which he/she would have been entitled if lay-off had not occurred.

34.29 Credit, if any, for experience gained during the recall period shall be granted by the Board upon recommendations resulting from the assessment procedures pursuant to Article 23.

34.30 A Member who has been laid off and who has been recalled, shall repay within eighteen (18) months of recall any portion of the compensation specified in Clauses 34.31 or 34.32, as appropriate, which exceeds what the salary would have been had the Member continued to occupy his/her former position.

34.31 Severance Compensation

Those Members covered under Clause 34.17(a) who are laid-off shall receive all of:

- (1) notice as specified in Clause 34.17(a); and,
- (2) a sum equal to twelve (12) months' salary for those Members with twelve (12) and less years of seniority. One (1) additional month's salary for each additional year of seniority up to a maximum of fifteen (15) months' salary.

34.32 Those Members covered under Clause 34.17(2) who are laid-off, shall receive all of:

- (1) notice as specified in Clause 34.17(2); and,
- (2) a sum equal to one (1) month's salary for each year of full-time service, to a maximum of six (6) months' salary.

34.33 In addition to other severance compensations and lay-off rights, a Member may elect to receive deferred research/study leaves in accordance with Clause 26.07(2), in the form of a paid leave commencing on the date of lay-off. A Member electing this option shall have all the rights and protection that this Article provides for laid-off Members.

34.34 Each laid-off Member shall retain full pension participation subject to provisions of the Plan. Cost of such coverage shall be shared equally by the Board and the Member while the Member remains on the payroll and shall be assumed in total by the Member for the remainder of the recall period.

34.35 Lay-off shall not be treated, described, or recorded as dismissal for cause.

34.36 All grievances submitted under the terms of this Article shall be processed at Step III.

ARTICLE 35: EMPLOYMENT EQUITY

35.01 The Parties acknowledge, recognize, and endorse the principle of employment equity and agree to cooperate in the identification and removal of artificial and/or systemic barriers in recruitment, selection, hiring, training and promotion of equity-seeking groups as defined by legislation, including women, **Indigenous/Aboriginal** peoples, persons with disabilities and **members of racialized communities (formerly visible minorities)**. Such cooperation will emphasize increasing the number of designated group members, improving their employment status, and increasing inclusiveness through identification and implementation of steps to improve the employment status and promote the full

participation of members of these designated target groups during their employment. Amendments to the Collective Agreement may be made if necessary; however any amendment is subject to the mutual agreement of the Parties.

The UWFA President shall establish a process to appoint five (5) members from the various Faculties, in consultation with the Labour Management Sub-Committee representatives. The Sub-Committee will select two (2) of its members to serve on the EEAC and will be responsible for providing reports and making recommendations.
- (2) The President of the Association and the Vice-President (Human Resources) shall consult in order to ensure that the LMSCEE:

- (3) The LMSCEE shall have the following responsibilities:
- (a) implement an ongoing education program within the Department/Faculty/Unit in consultation with the EEAC;

Alternatively, an Employment Equity Consultant shall be assigned to a Department/Unit from a roster maintained by the Human Rights and Diversity Officer. Employment Equity Consultants shall be appointed to a maximum three (3) year initial term, at which time they may elect to serve a second three (3) year term.

He/she shall provide advice to the Committee on the process with respect to employment equity and in particular shall make recommendations to the DPC/Search Committee regarding the position description, the advertising of the employment opportunity, the selection criteria, and the interview questions to support the University's equity goals.
 - (b) The Employment Equity Consultant shall attach to the DPC's appointment recommendation, a certified statement as to whether or not the DPC's appointments process and procedures have been conducted in accordance with the University's Employment Equity program, and whether or not the appointment is consistent with the Department/Unit's and the University's goals.

ARTICLE 36 **PRIVACY**

- 36.01 Members have the right to a reasonable expectation of privacy in the workplace with respect to Members' rights and responsibilities arising under the Agreement. The Employer and the Association and its Members acknowledge that the University is subject to the application of the Manitoba *Freedom of Information and Protection of Privacy Act* (FIPPA). C.C.S.M. c. 175. Without derogating from the principle of institutional responsibility and the Association's duty of fair representation, the Association and its Members shall take all proper and reasonable steps with respect to information under either Party's and/or Members' care and/or control to meet obligations under this *Act*.
- 36.02 The Parties agree to safeguard the privacy of information, whether on paper or in electronic form, that is related to academic research and professional activities.
- 36.03 The Employer shall not inspect a Member's paper files, or engage in electronic monitoring or other scrutiny of any mass storage device(s) of a Member's computer(s) or Internet or e-mail usage in a manner that in any way divulges, either to the Employer or a third party, the contents of the files in any form or the electronic mail communications of Members or details of Internet usage patterns. On reasonable grounds the Employer may inspect files in order to guard against illegal activities, to meet concerns about liability, to comply with the law or an order of a court, to conduct investigations in accordance with the provisions of this Agreement, to protect the security or health of individuals or to assess volume of usage. 37.05 Whenever a potential conflict of interest arises, the person who is first aware of the situation shall immediately inform in writing the relevant party or parties (e.g. Department Chair, committee chair, Dean) of the potential conflict, with the goal of resolving the matter in an open and collaborative manner.

37.06 The usual remedy for alleviating a conflict of interest is the recusal or removal of the person with the conflict of interest from the decision-making process.

37.07 This article in no way derogates from any remediation proposed under the *University of Winnipeg Conflict of Interest Policy*.

APPENDIX 1

The University of Winnipeg Workload Policy

1. Preamble

The University of Winnipeg values and supports the creation and dissemination of knowledge through the activities of its academic staff in research (encompassing scholarship and creative work), and teaching, and recognize that each of these two activities informs the other. It is also committed to the principle of institutional autonomy, and to the engagement of all members of the university community in self-governance, through service on the University's governing bodies, the Association, and through engagement in the planning and operational processes of the institution. The normal workload of academic staff shall include, in varying proportions, those elements (teaching; research, scholarly/creative activities; service to the University). The University also recognizes that circumstances and career paths may vary; thus the workload assigned to an individual Member may differ from the normal requirements.

2. Normal Teaching Load

- 2.1 The normal teaching load for all probationary and tenured Faculty Members shall not exceed 2.5 Full Course Equivalents (FCE) or 15 course credit hours (cc) during an academic year.
- 2.2 The normal teaching load for all Instructor Members shall not exceed 3 FCE or 18 cc. For the purpose of calculation, 2 hours of laboratory instruction shall be treated as equivalent to 1 hour of lecturing.
- 2.3 The workload associated with the duties of a CRC shall be determined by the appropriate Faculty Dean with reference to the guidelines of the Canada Research Chair program.
- 2.4 Where other Members are assigned teaching duties, their overall workload shall be fair and reasonable.
- 2.5 No Faculty or Instructor Member shall normally teach less than 1 FCE during an academic year. In instances where a Member is entitled to a teaching load of less than 1 FCE during an academic year, he/she may bank the extra release or reach some other mutually agreeable arrangement with his/her Faculty Dean.
- 2.7 The provisions in this policy shall come into effect in the 2009-2010 Academic year.

3. Teaching Load Reductions

Provisions for normal teaching load notwithstanding, exceptional creative, research and teaching opportunities may occur in any given year for any given Member. In recognition of the need to promote and exploit such opportunities, the Faculty Dean may reduce a Member's workload in any given year in order to allow them to accommodate increased

activity occasioned by such opportunities in any one area of their responsibilities.

Teaching load reductions shall be governed by the provisions outlined in Article 19 of the UWFA (Regular Academic Staff Unit) Collective Agreement.

4. Teaching-Intensive Workload

Some Faculty Members may choose to engage in less active research programs. In exceptional cases, the Faculty Dean, in consultation with the Chair and the Faculty Member, and based in part on the annual evaluation of the Member, may increase the teaching load of an individual Faculty Member in light of the individual's research/scholarly/creative and service contributions. The reasons for any increase in the normal teaching and the exceptional circumstances shall be communicated in writing to the Faculty Member, and a copy sent to the Association.

In the case of an increase in the normal teaching without the consent of the Member, the individual shall be given reasonable notice in writing of the increase.

A Member with a teaching-intensive workload may, on application to the Faculty Dean, seek that the teaching load be reduced to a normal teaching load by April 1st of the academic year in which the workload has been altered, or by April 1st of any year thereafter, on the basis of increased research activity.

****Must be revised before including in a new agreement.**

APPENDIX 2

STANDARD LETTER

Dear _____:

Thank you for agreeing to act as an appraiser for _____ who is applying for (circle the relevant items: *tenure, promotion to associate professor, promotion to professor*) at The University of Winnipeg. Our university is primarily a liberal arts and science institution offering three and four year undergraduate degrees in arts, sciences and education. Some departments offer an honours program and graduate courses. Faculty members do not have access to graduate research assistants, and access to marking assistants is limited. The student body is culturally diverse and numbers approximately 9,500. The University of Winnipeg has a strong commitment to students and places considerable value on its teaching role.

Like other Canadian Universities, The University of Winnipeg places a substantial value upon the importance for faculty to be engaged in an active research program. The track record amongst our faculty in obtaining external research funding from traditional sources is strong relative to other small undergraduate institutions, but we recognize that many of our faculty are engaged in important unfunded work. Many of our faculty conduct their research using internal and alternate sources of funding.

We place value upon service to our institution. Faculty are required to commit substantial time to committee and administrative work both internal and external to the University.

We expect that our candidates for promotion and tenure will meet the standard for peer review in the context of the duties assumed by faculty at our institution. For your information, I have included a copy of Article 24 or 25 of our Collective Agreement. Copies of _____'s curriculum vitae and publications are also enclosed.

The appraisal format is entirely at your discretion. Please direct your comments mainly to _____'s research record in the context of workload and the University's administrative expectations. The applicant may be apprised of the content of your communication.

If you have any questions or require any additional material you may contact me at (204) ____ - _____. I would ask that you respond within four (4) weeks of receipt of this material (pursuant to Clause 25.06(3) of the Collective Agreement). Please return the candidate's publications (under separate cover). Thank you for agreeing to help us in this important matter. I look forward to hearing from you.

Sincerely,

Dean of XXXX
