

### **2021-2022 NSERC Internal Peer-Review Group**

The current internal peer-review group for NSERC applications, coordinated by UW NSERC Representative Dr. Melanie Martin, includes the following researchers:

- Dr. Melanie Martin (Physics), NSERC Representative and Group Coordinator
- Dr. Nora Casson (Geography)
- Dr. Alberto Civetta (Biology)
- Dr. Ed Cloutis (Geography)
- Dr. Doug Craig (Chemistry)
- Dr. Sara Good (Biology)
- Dr. Rafael Otfinowski (Biology)
- Dr. Mirjana Roksandic (Anthropology)

This group, upon request from a researcher applying for an NSERC grant, reviews applications a minimum of 4 weeks before the final external deadline. Some of the areas reviewed include, but are not limited to, the excellence of the researchers, the merit of the proposal and research plans, the appropriateness of any EDI considerations, and the plan for hiring and working with highly qualified personnel/students.

To request support from this group, please contact the UWinnipeg Research Office and a Program Officer will coordinate the review of your application.
