

**THE UNIVERSITY OF WINNIPEG SENATE
ANNUAL REPORT OF THE
HONORARY DEGREES AND FELLOWSHIPS COMMITTEE
(the “Committee”)
MAY 25, 2016**

The Senate Honorary Degrees and Fellowships Committee met twice since the last annual report was submitted. The Committee reviewed new nominations and made recommendations to Senate for their approval. Upcoming Convocations were discussed, and suggestions made for the timing of conferring honours, which is ultimately determined by the President, and depends on many factors, including availability of recipients. Nominees are generally selected to receive their award during a Convocation which focuses on their area of expertise or distinguished service.

There continues to be a list of nominees approved by the Senate, but who have not received their honorary degree or fellowship. The Committee undertook to review previously approved nominations, to ensure their continued viability.
