

**THE UNIVERSITY OF WINNIPEG SENATE
ANNUAL REPORT OF THE
HONORARY DEGREES AND FELLOWSHIPS COMMITTEE
(the “Committee”)
MAY 25, 2022**

The Committee met once since the last annual report was submitted. New nominations for Fellowships and Professor Emeritus designations were reviewed and recommendations were made to Senate for their approval. No nominations were received with respect to Honorary Degrees or Distinguished Alumni Awards during this year’s call for nominations process. The timing of conferring honours is determined by the President, and depends on many factors, including availability of recipients. Nominees are generally selected to receive their award during a Convocation which focuses on their area of expertise or distinguished service.
