

## Art Supplies

You can make art out of just about anything – as you move through your world to gather things for the art activity you may want to think about what you are drawn to. Do do you want to use colour, and texture? Do you want to engage a variety of your senses (sight, hearing, smell, touch, taste)? What are you most comfortable or curious about using?

Art supplies can be found in nature, they can be things that are recycled, they be be organic or not and they may be things you have or could get at a store.

Below are some ideas in case you aren't sure where to begin. They truly can be anything!
