

## Mac - How to configure your UWinnipeg Email in Outlook new installation

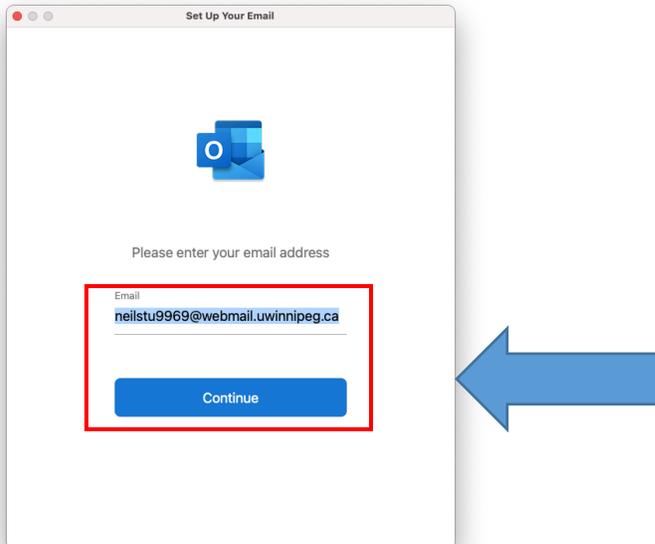

Open Outlook, on the Welcome to Outlook screen click on **Get Started**

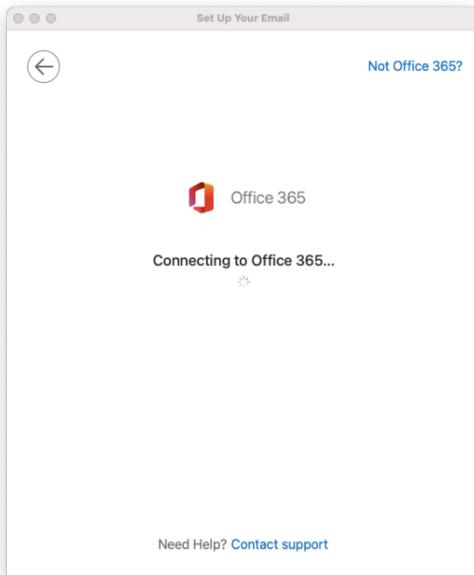

On the privacy matters screen, click on **Done**

Click on **Add Account** and enter your UWinnipeg Email Address  
Then click **Continue**

Wait for it to connect  
Enter your **Email Address** and **Password**  
Click on **Login** when prompted

If you entered your login information correctly, you should see a green checkmark and your account has been added.

Click on **Done**
