STUDENT PARTICIPATION POLICY

Theatre is a communal art form in which a number of interdependent artists and crafts people co-operate to create a work of art. This fact is necessarily transferred to the learning situation, and is reflected in many of the Department's courses. Consequently, it is the Department's policy that students are required to: complete homework such as reading, line-learning, script analysis, prop lists, design drawings, etc.; attend classes; attend rehearsals both within and outside of class times; and, in short, to exhibit commitment towards the inevitably shared endeavours of our field of study.

Any student failing to fulfil these requirements is harmful to the progress of dedicated students and may, after due warning, be asked to withdraw from any individual Departmental course.

COURSE CONTENT NOTE

All Theatre and Film Classes

Dramatic Literature depicts a wide variety of human action, both elevated and base, public and private, physical and psychological, sexual and non-sexual, etc. The Department of Theatre and Film will not undertake to censor the subject matter of dramatic works.

Students who have concerns about dealing with the full range of content and style in drama/film are urged to discuss these concerns with the course instructor.

Performance-Related Classes

Much of an actor's work is based upon actual experiences of life which become translated into fictional circumstances. Because of this, the teaching of acting may involve encouraging the student to examine personal and even intimate areas of life to help him or her access life experiences appropriate to the demands of the work.

Dramatic literature depicts a wide range of human actions, both elevated and base, public and private, physical and psychological, sexual and non-sexual, etc. Acting students must learn to simulate life truthfully in interaction with other students in the safety of the acting class and the rehearsal hall through exercises, discussions, and directions which address rather than avoid truthful, particularized, personalized action.

Performance classes often require strenuous physical activity. Classes may also involve physical interaction between students as part of class exercises or character development and occasional physical contact by instructors for purposes such as the demonstration of a technique or to make a posture correction. Students are responsible for wearing clothing appropriate to these activities.

Students who have concerns about dealing with the full range of actions and subject matter involved in drama are urged to discuss these concerns with their course instructor.
