

How to setup Eduroam Wireless on your Apple Device

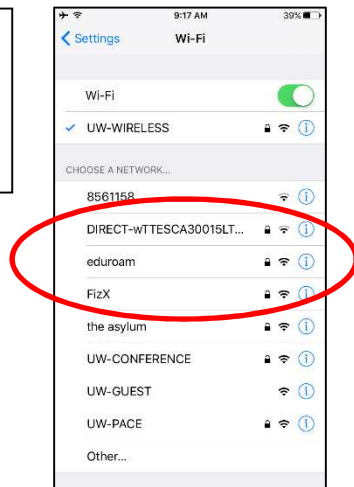

1) Click on **Settings**

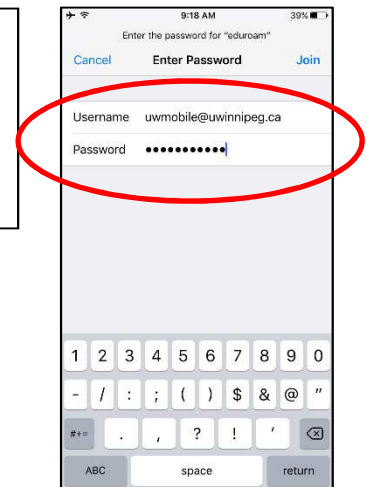

2) Click on **Wi-Fi**

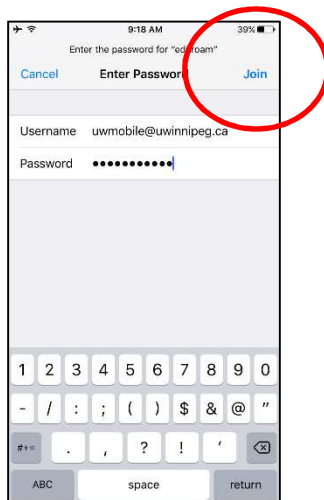

3) Under Choose a Network find and click on **eduroam**

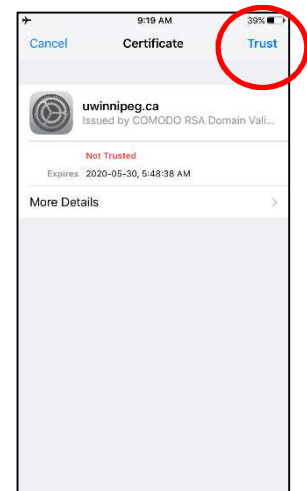

4) Enter **YOUR UW email address and Network Password, this is not your email password. Use the password you use to login to your computer.**

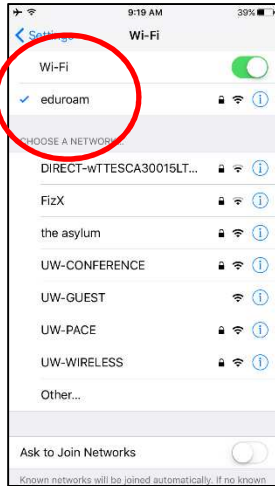

5) Click on the **Join**

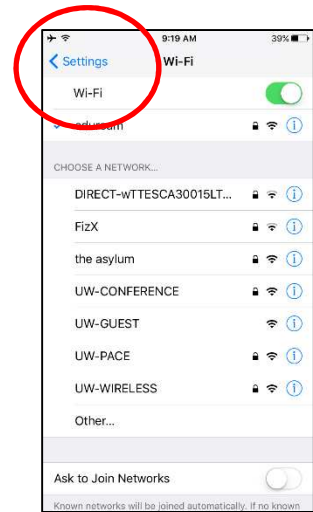

6) It will process your request, once it completes, you will see **Trust** in the top right corner, please click on it.

7) You should see a checkmark next to *eduroam*, that's it.

8) Click on *Settings*

9) Click the *Home Button*
